CANADIAN PORTS TO BENEFIT BY DIRECT WHEAT SHIPMENTS

Export Traders Predict Vancouver and Eastern Ports Will Handle Grain to Great Britain Formerly Shipped Through United States—More Facilities Will Be Required

MONTREAL, Nov. 1 (CP).—The opinion in grain trade circles here today was that the bulk of Canada's wheat exports to the United Kingdom will hereafter go through the Canadian ports of Vancouver, Halifax and Saint John in the winter months. This opinion was formed as word was received that the British Government would only grant the conference preference to Canadian grain when exported from Canada by direct consignment.

One prominent Montreal grain dealer explained that it was practically impossible to ship Canadian grain through a United States port on a through bill of lading. This difficulty in practice would insure direct export from Canadian ports, he believed.

HALF OF NEW LOAN TAKEN

RETURNS OF APPLICATIONS FOR TWENTY-YEAR ISSUE NOT FULLY KNOWN

MONTREAL, Nov. 1 (CP).—Largest new subscription announced today to the 1932 Dominion of Canada Loan came from Winnipeg, the Great-West Life Assurance Company, which has subscribed to \$1,000,000 of the long-term twenty-year bonds. Substantial progress has been reported towards the total of \$80,000,000 asked for in connection with the loan. Announcement was made today that results for Monday showed subscriptions to the long-term loan amounting to \$15,000,000. With this added to the first day's total of \$25,000,000, the full amount accepted for the three-year loan, the total for the two issues, as the result of complete returns for the first day only, amounted to \$40,000,000.

POSITION EXPLAINED
LONDON, Nov. 1.—Demands in the House of Commons for further elucidation of the position of Canadian wheat in reference to preferential tariff treatment in the United Kingdom today brought a statement from Leslie Hore-Belisha, Financial Secretary of the Treasury, that "mere transit of Canadian goods across the United States will not prevent them securing British preferences provided the goods were definitely consigned from Canada to the United Kingdom."

He reiterated the stand of the Government when he added "preferences would not be available to goods sent from Canada to the United States and reconsigned from there."

TWELVE-MILE LIMIT IS SET

JURISDICTION OF DOMINION OVER CANADIAN-OWNED SHIPS IS EXTENDED

OTTAWA, Nov. 1 (CP).—As from today, Canada's maritime jurisdiction, so far as it affects Canadian-owned vessels, extends to twelve miles offshore, from low tide. This is the effect of a proclamation issued here today in an extra edition of the Canada Gazette. Legislation establishing twelve-mile limit as territorial waters of Canada was passed by Parliament in 1931. The principle had previously been asserted, but, as the time of its incorporation into the statutes, it was being disputed in a law suit before the Supreme Court of Canada. The Supreme Court decided the law ultra vires, and the Government then took the case to the judicial committee of the Privy Council.

AWAITED PROCLAMATION
Meanwhile the act was assented to, and carried the rider that it would become effective on proclamation of the Governor-in-Council.

The judicial committee of the Privy Council reversed the judgment of the Supreme Court, holding that Canada was within its rights in legislating territorial limits at sea for the operation of vessels owned by nationals of the country. This settled, the Government has given effect to the enactment by proclaiming it to have come into force today.

Fireman and Ladder Help Woman Home

VANCOUVER, Nov. 1 (CP).—The siren of a fire truck echoed on Kaslo Street this morning. As the truck neared its destination the firefighters saw nothing but an excited woman standing on the curb opposite the residence mentioned in the call.

"I'm locked out in the rain," was her reply to the captain's question. The firemen grinned, and without comment hoisted a ladder to a second-story window and opened the door for the most appreciative resident.

Prehistoric Relics Found

THE above photo shows five teeth and several bone fragments of the huge woolly mammoth (Elephas Primigenius) which roamed North America during the Pleistocene epoch at least 25,000 years ago. The relics, which constitute the largest single find of their kind ever recorded in the Eastern United States, were uncovered at a depth of four feet by a steam shovel excavating for a water hazard on a new golf course near Blackwood, N.J.

THIEVES ACTIVE ON HALLOWE'EEN

Safe Blown and Store Robbed at Nanaimo During Celebrations—Two Automobiles Stolen

NANAIMO, Nov. 1.—Taking advantage of Halloween celebrations to cover their activities, thieves succeeded in robbing a safe of \$106 in cash and stole approximately \$300 worth of groceries and provisions from local stores last night. Two automobiles were also stolen, one of which has been recovered.

The robbery of the safe, at the Imperial Oil Company's office on Brechin Road, is believed by police to have been the work of experts, who used dynamite to blow it. A truckload of goods, valued at \$300 by Robert Main, proprietor, was stolen from his store on Needham Street. The stolen articles consisted mainly of groceries and provisions. Two cars, belonging to Anthony Specagua and Ruben Walls, were stolen during the night. Mr. Walls' car was recovered in a back alley in the city.

CATTLE BAN IS REMOVED

Embargo on Canadian Livestock Entering Britain Is Abolished

LONDON, Nov. 1 (CP).—The House of Commons moved tonight without division to remove the existing embargo against importation of Canadian cattle to the United Kingdom.

The House decided to lift the embargo after passing the meat quota clause of the Ottawa agreement, bill 302 to 65.

Malcolm MacDonald, son of the Prime Minister and Under Secretary for the Dominions, explained there was no further need to exclude Canadian cattle from the country on the ground it might be diseased.

He said also the period of detention of cattle at the Canadian port of shipment would be one day instead of the customary three days as the length of the voyage was sufficient to allow time for development of disease should it occur.

Lifting of the embargo will go into effect when the Ottawa agreement becomes law, probably before the end of this week. The bill is now in committee stage in the House of Lords.

Decision to lift the embargo on Canadian cattle was made largely at the Ottawa Economic Conference. Continued on Page 2, Column 4

MINERALOGISTS WILL CONVENE

Hon. W. A. Gordon May Attend Vancouver Convention of Institute

Hon. W. A. Gordon, Federal Minister of Mines, and Dr. Charles Cammell, deputy minister, may attend the annual meeting of the Western Division of the Canadian Institute of Mining and Metallurgy, to be held jointly with the Mining Association of British Columbia, in Vancouver, commencing November 30. A three-day convention is planned, with leading mining officials from the Canadian West in attendance.

Dr. J. A. Allen, professor of geology at the University of Alberta, president of the institute, will take the chair, assisted by E. J. Carls, secretary-treasurer. The North Pacific and Columbia sections of the American Institute of Mining Engineers have been invited to participate in the sessions.

GOLD MINING INTERESTS
An interesting programme of papers on timely subjects has been arranged and speech consideration will be given to gold mining. The papers under this head will include "Placer Mining Methods and Costs," by C. W. S. Barrett, "The Training of Men to Engage in Placer Mining," by Dean Minor Roberts, of the University of Washington; "Notes on the Cariboo District," by Dr. W. E. Cockfield; a series of three papers on gold mining practice at, respectively, Premier, Pioneer and Lorne mines, and "Gold Mining in Manitoba," by J. A. McLean, of the Manitoba Mines Department.

Roosevelt Is Favored In Betting

NEW YORK, Nov. 1 (CP).—Exactly one week before the next President of the United States will be elected, with the lines of demarcation between Republicans and Democrats definitely drawn as a result of speeches by the leaders, the country tonight looked over what President Hoover and Franklin D. Roosevelt had to say last night and awaited the next salvo.

President Hoover, conducting a vigorous personal campaign as he has ever been attempted by a presidential candidate in office, carries the attack into the Midwest next week. Roosevelt will speak in New York on Thursday.

Wall Street is reported to be betting 2 to 1 that Roosevelt will be elected.

Scores Are Hurt When London Police Battle Mob Near Parliament

Mounted and Foot Constabulary Charge Crowd Attempting to Force Way Into House of Commons—Fierce Contest Takes Place in Trafalgar Square and Vicinity

LONDON, Nov. 1 (AP).—Thousands of unemployed men and women and their sympathizers fought with mounted and foot police for more than three hours tonight in many of the chief streets of London. The sharpest fighting occurred when strong groups of mounted men felt it necessary to charge mobs in Trafalgar Square, Pall Mall, the Strand, Whitehall and Victoria Embankment. Many persons were arrested and scores were injured.

The rioters had been chased away from Trafalgar Square, the vortex of the fighting, by the time the theatres let out, but groups of theatregoers in silk hats and tail coats had to call for police protection from angry detachments of threatening men.

Noted Dramatist and Poet Visits U.S.

THREATENING WEEK
The disorders were the bitter conclusion of six days of uneasiness in London resulting from the columns of hunger marchers who converged on the capital from many parts of the island to protest against the method in which the Government dole is administered.

The marchers sought to present their case at the bar of the House of Commons. In obedience to the tradition that petitions must be presented by a member of the House, permission was denied them, and thereupon it was announced a group would force its way into tonight's session. They failed to accomplish this aim. The police, swinging batons and riding into bargains of stones and bottles, broke up processions organized in different parts of the city.

LEADER ARRESTED
But first of all the authorities moved against the demonstration by arresting Walter Hamlington, Communist leader from the marchers, who was charged with inciting the London police to mutiny.

After the processions had been broken up, the jobs started drifting toward Parliament in small groups.

By 7:30 p.m., when the marchers had expected to reach the Parliament Buildings, spectators thronged all nearby streets. Strong police forces guarded the entrances to the House.

Buildings Blown Down in New York

NEW YORK, Nov. 1 (AP).—High wind and heavy rain swept through the metropolitan area today, centering on the Long Island Sound colony of Broad Channel, where three bungalows and fifteen other buildings were blown down, some of them into Jamaica Bay.

Many of the buildings at Broad Channel were uninhabited, so the injured list was relatively small. Alfred Pearce, owner of a bungalow that collapsed into the water, was hurt by falling timbers, but was able to reach the second floor and rescue his two sons.

Students Must Pay Fees or Withdraw From High Schools

Saanich School Board Decides That Overage Pupils Must Leave if Parents Find Themselves Unable to Pay for Tuition

PARENTS of Saanich High School pupils unable or unwilling to pay the fees as required by the municipal school board at the opening of the present school term will be compelled to withdraw them from school, the board has decided.

Members of the board have expressed themselves as very reluctant to adopt this measure. It is realized that in some cases it will mean withdrawal of clever pupils, whose parents are unable to pay because of destitute circumstances brought about by conditions over which they have no control.

The first month percentage of collections of these fees was most satisfactory, and members of the board expressed their gratification at the apparent success of the plan. Several requests for the board to reconsider its decision in adopting this scale of fees were received, however. In every case these were from parents of students who were either absolutely unable to pay or whose children had been held back for a long period through serious illness.

COUNCIL REFUSES AID
Desirous of giving their people opportunity of keeping their children at school, the board made application to the municipal council in an effort to have some form of assistance rendered. The council, however, refused to accept such onus, and referred the matter back to the board with the statement that it was out of the council's jurisdiction.

After this reply the board found itself unable to offer any aid to the unfortunate, and could offer no alternative other than withdrawal from school in event of nonpayment of fees.

The scale adopted requires students over sixteen years of age to pay \$10 a year; over seventeen, \$25 a year; over eighteen, \$50 a year; and over nineteen, \$100 a year.

CUBAN PRESIDENT BACKED AT POLLS

LIBERAL PARTY SCORES SWEEPING VICTORY—THREE KILLED IN FIGHTING CLASHES
HAVANA, Nov. 1 (AP).—A slim vote and comparatively little violence marked today's Cuban elections, in which President Machado's Liberal party apparently won another sweeping victory.

The voters selected half the House of Representatives, two Senators and provincial and municipal officers.

Three persons were killed during the day. Two were victims of a clash at Rodas, Santa Clara province, and the third was slain at Neuva Paz, Havana province.

Returns were meagre tonight, but the reports already received showed the Liberals were sweeping local offices. Conservative candidates in several municipalities in Havana province withdrew, charging that soldiers guarding the polls were indulging in coercion.

THREE KILLED IN RUINS
PITTSBURGH, Nov. 1 (AP).—Three men were killed today when fire-swept ruins of the old Eureka Hotel in Homestead collapsed as they collected wood from the framework. Several are believed to be buried in the ruins.

CO-OPERATION HELPS SAANICH

Mount View High School Working Bees Are Transforming Grounds

Community spirit is working wonders in Saanich, in connection with the Mount View High School project to building bees held by pioneers in the early farm life of Canada, working parties are putting the school grounds into shape with volunteer labor, and great enthusiasm.

The first working party was held on Thanksgiving Day, and cleared the grounds of brush and stumps. Another bee is scheduled for Saturday, when horses, graders, men, women and children will prepare the grounds for installation of tennis courts. With the co-operation of civic officials and private citizens, plans for Saturday include a material in the scheme, weather permitting.

PIONEER TEACHER AND EDITOR PASSES AWAY

NEW WESTMINSTER, Nov. 1.—James J. Dougan, seventy member of a pioneer British Columbia family and editor of The Maple Ridge Gazette, a weekly newspaper at Port Hammond, died suddenly Monday night while visiting at the home of D. Brown, Dwyer Trunk Road.

Mr. Dougan, who came from Australia, was formerly a school teacher. He taught in the East End of Vancouver forty years ago. For the past ten years he had lived in Port Hammond, publishing his paper during that time.

WILL EXCHANGE PROPS FOR COAL

ST. JOHN'S, Nfld., Nov. 1 (CP).—The Government of Newfoundland has completed arrangements to cut 15,000 cords of pitprops to be traded for English coal on a barter basis. One cord of pitprops will be exchanged for each ton of coal.

It was stated the contract may be extended to provide for importation of 45,000 tons of coal from England on the same basis. The coal is to be used in Government services.

China and Russia Formed Alliance Declares Consul

Vancouver Audience Told Japanese Were Forced to War in Manchuria as Result of Soviet Encroachments—Claims Action Protected Whole of Orient From Communism

VANCOUVER, Nov. 1.—Vigorous defence of Japan's course in Manchuria as related to China was made before the Rotary Club today by Hon. Teruo Hachiya, consul for Japan at Vancouver. The speaker declared that until recently Manchuria and Mongolia were not considered as an integral part of China by the Chinese themselves.

If Manchuria or China had been capable of holding their own against the invading forces of Russia, the peace of the Far East would have remained undisturbed, he said. Advance of Russian influence left Japan no alternative but war, he added.

Victorious in the Russo-Japanese War, Japan only took possession of the unexpired portion of the twenty-five-year lease of Kwantung territory and rights of the South Manchurian Railway which were previously held by Russia, Mr. Hachiya said. Charging China was in secret military alliance with Russia against Japan, he declared that China got off lightly from consequences of her duplicity.

TREATY IGNORED
"Had Manchuria once become part of the Soviet regime, the great problem of the Orient today would be how to prevent the whole Far East, including India and Japan itself, from being drawn under the Communist influence of Soviet Russia," the speaker said. "In 1915 Japan entered into a treaty with China for the purpose of defining the scope of her economic activities in that territory. It is the validity of this treaty, which China refused to recognize on grounds that it was extracted under duress, that finally became the crux of the present Manchurian trouble."

The Consul explained how Japan had transformed Manchuria from a barren, semi-civilized, bandit-ridden wilderness into one of the richest granaries of the Far East, and then went on to show how Nationalist party leaders in China had incited anti-foreignism among her people. In recent years Japan had become the sole target of this anti-foreign movement, he said, because of her various and important Manchurian interests. Because of her vital importance position in relation to Asia, Japan had been compelled to do the dirty work for other nations, he said.

The boycotts, Mr. Hachiya continued, are enforced by a small

CANADIAN PORTS TO BENEFIT BY DIRECT WHEAT SHIPMENTS

Continued from Page 1
Apparently lack of clarity among some members of the House regarding treatment of Canada wheat imported to this country under proposed preferential tariff arrangements decided upon at the Ottawa Economic Conference precipitated considerable argument during afternoon debate.

ASSURANCE GIVEN
The argument started when Sir Percy Hurd, Conservative, who is deeply interested in agricultural problems, asked a definition of Canadian wheat under terms of the Canada-United Kingdom agreement and questioned if the British preference would be confined to Canadian wheat shipped from Canadian ports.

Sir Percy was assured by Rt. Hon. Neville Chamberlain, Chancellor of the Exchequer, that the preference would not be confined to wheat shipped from Canadian ports. Canadian wheat, the Chancellor added, meant wheat grown in Canada which satisfied conditions contained in the Ottawa agreement. It is now before the House in committee stage.

Mr. Chamberlain then referred Sir Percy to Mr. Hore-Belisha's statement for further elucidation of his point.

MAYOR TAYLOR STATES PLANS

Favors Ontario System of Choosing Police Commission in Election Platform

VANCOUVER, Nov. 1.—Adoption of the Ontario method of choosing a police commission is proposed by Mayor Louis D. Taylor in his platform for re-election.

Another important police proposal on the mayor's platform is for establishment of a metropolitan police plan. This would provide for one police administration for the Lower Mainland and the North Shore.

WORKS PROPOSALS
Several planks dealing with relief unemployment are proposed. He suggests a money-by-law be submitted to ratepayers for water and sewer extensions and for the city's share of local improvements.

He also advocates transferring of unexpended by-law balances to the works department for use in public services and to provide a maximum amount of work.

"The question is," remarked the Mayor, "whether it is better to continue on the present basis, furnishing funds from current revenues, or to place a works-by-law to account for half a million, providing sufficient funds for several thousand married men, increasing purchasing power of these men."

Under such a scheme the city would obtain value for its money instead of the present direct relief system, where no service is rendered.

The Mayor proposes that a flat rent scale be set for property owners housing relief, so that they would also grant free water to such landless.

CLEARING VACANT LAND
Use of relief labor to clear city-owned vacant land is advocated. Acreage would thus be made available for at least cultivation of vegetables on a rental basis. He exceeded annual tax on the property.

A six-hour day for civil employees, to spread employment on a great field.

Continuing of efforts to have the Province reassume social service costs, now partly assessed against municipalities.

MINERALOGISTS WILL CONVE

"Alberta Oil Conditions" will be described and discussed in a paper by W. Calder, director of Petroleum and Natural Gas Division, Department of Lands and Mines, Edmonton, and the latest official information concerning mineral development in the Great Bear Lake area will be presented by Dr. D. P. Kidd, of the Geological Survey of Canada.

There will also be a series of papers dealing with the economies of the coal industry in British Columbia.

SOME LOCAL PAPERS
"The Administration of the Security Frauds Prevention Act," to be introduced by H. G. Garrett, the official administrator, will be discussed.

A notable item will be a lecture by Dr. T. A. Rickard, who enjoys an international reputation both as a writer and speaker, on "The Primitive Use of Metals." Other popular features will be an illustrated lecture by E. J. Carlyle on "Life in the High Andes of Peru," and an account of "Old Druggies in New Guinea," illustrated by moving pictures, by C. A. Banks.

The meeting will be open to the public, and all interested in progress of the mining industry are invited to attend.

OUTLINES PARK DEVELOPMENTS

Ald. John Worthington Gives Detailed Account of James Bay Plans

Details of the Macdonald Estate Park development and other matters pertaining to city park work were discussed by Alderman John Worthington, chairman of the parks committee, at last night's meeting of the James Bay Parent-Teacher Association.

The Macdonald Park, when completed, he said, would have two Rugby fields, a cricket pitch, a football field, a tennis court, a quarter-mile race track with oval for field sports. In addition to this there would be space for playgrounds, while outside the enclosure property would be developed for the use of smaller children.

COMMUNITY EFFORT
How much of this programme is carried out will depend greatly on the co-operation received from the community. Various sport organizations, the Alderman said, have contributed \$1,000 toward the Macdonald Estate Park. The playground for children also could be developed by that organization. The city could provide plenty of labor if community effort would raise funds for the cost of material.

Another important police proposal on the mayor's platform is for establishment of a metropolitan police plan. This would provide for one police administration for the Lower Mainland and the North Shore.

COMMEMORATE ORGANIZATION
The Alderman, during the course of his remarks, commended the Victoria West Brotherhood on the spirit of co-operation that had been developed by that organization. Considerable park improvements had been made possible through such co-operation, he said. The speaker urged to see that similar community spirit was being shown in the Foul Bay district.

SCORES ARE HURT WHEN LONDON POLICE BATTLE WITH MOB
Continued from Page 1
Parliament and mingled with the crowds. Nearby, at Scotland Yard, other detachments were held in readiness.

By 8 o'clock the huge press of people had overflowed the streets, blocking traffic and pushing near to the massive iron gates leading into Parliament.

STREETS CLEARED
Then the mounted police filed silently out of Scotland Yard, converging on the Square from three different directions. Demonstrators boomed to the tune of their marching feet.

The mounted men quickly cleared the streets surrounding Parliament and strong detachments of foot police edged the main body down Whitehall away from the House of Commons and toward Trafalgar Square.

The police endeavored to keep traffic moving through the Square, which is one of London's main thoroughfares, but this was impossible. The crowds, stopped buses and motorcars, until finally repeated pressure by the mounted men pushed them along the Strand.

Police and mob rolled around the Square and nearby streets until shortly before 11 o'clock when, with a determined and well-organized effort, the mounted and foot men combined swept the Square bare, spilling the throngs up into small segments.

AUTOS ATTACKED
In the side fighting on Victoria Embankment, a police car was hit by a car. The car was damaged and the driver was injured. The car was then set on fire and burned.

CATTLE BAN IS REMOVED
Continued from Page 1
Canadian experts were able to convince United Kingdom officials that danger of cattle exported from the shores of the Dominion having hoof and mouth disease had been overcome.

CONFERENCE RESULT
OTTAWA, Nov. 1 (CP).—Removal of restrictions on the importation of Canadian cattle into the United Kingdom has been sought for years by Canadian governments and agricultural interests. Not until the Imperial Economic Conference which met here in July did the British Government consent to modification of the legislation.

The House of Commons in London tonight is in fulfillment of the terms of the trade treaty signed at the conference.

Originally imposed for the protection of British cattle against disease, the restrictions were maintained despite repeated protests from Canadian agricultural experts that Canadian cattle were as healthy as any in the world.

The restrictions operated chiefly to prevent the shipment of feeder or store cattle by requiring that Canadian cattle must be slaughtered at the point of disembarkation, thereby thus placed serious difficulties in the way of sale of unfinished Canadian cattle to English farmers for fattening.

Local Chamber Orchestra Plays Under Guest Leader

Unusually Interesting Musical Event Held at Empress Hotel Last Night—Amateur Musicians Reveal Fine Abilities Under Leadership

Wielding a baton which was at the same time authoritative, forceful and persuasive; and using for his solo instruments the distinguished first and second violinists and the viola player of the Neuh-Kah-Nie string quartet, Michel Penha, cellist member of this popular visiting ensemble, last night, at the Empress Hotel, flattered a Victoria audience, to an extent never before achieved, into a realization of what is possessed here in the way of potential orchestral material.

The concert was a revelation to the majority of those present, and made everyone as enthusiastic as the members of the chamber orchestra themselves in a desire that close contact be maintained with such an inspiring group of musicians, whose frequent revivals here would guarantee a continuance of the enthusiasm which has knit the local ensemble together on this occasion.

ADMIABLE TASTE
A programme of admirable taste and interest was presented, consisting of the chaste classical Bach concerto for two violins and orchestra; the Mozart concerto for violin, viola and orchestra, and the Beethoven sonata for piano and Op. 27, No. 1, Ralph Linley, who is the pianist of the quartet, being the pianist.

Mr. Penha is a dynamic conductor with a forceful personality, but this is only to his influence over his musicians, for he never inserts his self between the work in hand and the composer, meticulously avoiding excesses, and showing a keen sensitivity of the classical spirit.

BACH AND MOZART
The Bach work is in three movements.

CO-OPERATION HELPS SAANICH
Continued from Page 1
Last week, the school was the scene of registration for the first night school classes held in Saanich. This week the classes will assemble for actual work; that in dressmaking being already enrolled to the extent of fifteen members; and other classes in the process of formation. Commercial subjects, matriculation completion, agricultural biology, and public speaking classes are contemplated, provided enrollment warrants them.

NIGHT CLASSES START
The night classes are being organized by Mrs. V. S. McLachlan, and will be held at the C. Turley of the Academy of Useful Arts, as instructed in dressmaking. Dressmaking pupils already enrolled will begin on Tuesday at 7:30 p.m., while enrollment in other classes can also be attended to that evening, up to 9:30 o'clock.

Those in the dressmaking class are asked to bring sewing accessories, and any article of clothing to remodel, or goods to work upon. Cutting and fitting, remodeling, and making of commercial patterns, finishing, and all phases of dressmaking are to be taught. The night classes were organized with the consent of the school trustees, and from preliminary enrollment appear to have been received with enthusiasm. As other classes reach their necessary quota, instruction will begin, it is announced.

Two Children Wounded on Hallowe'en
KERRROBERT, Sask., Nov. 1.—Alleged to have fired on a group of Kerrrobert boys and girls, ranging in age from sixteen to eighteen, when they finished up a night of Hallowe'en pranks at the Widowson place, Greenville, Wednesday, Kerrrobert, baker, will answer in court here Wednesday morning to a charge of intending to do grievous bodily harm to Norah English.

Norah, with three others, is now in hospital here, while an innocent victim of the affair, a dog, is dead. Widowson is alleged to have fired on the group with a shot gun loaded with birdshot.

LOON LAKE, BASK. Nov. 1.—Hallowe'en celebrations in this frontier settlement were spoiled here Monday night when Cecil Midget, sixteen-year-old son of a well-known Makwa farmer, was seriously wounded by a 22 rifle bullet. His condition tonight is critical. Details of the shooting are lacking.

ILLNESS—the risk your child runs

Some apparently trifling ailment—a cold or a chill neglected—and almost without warning your child's health may be seriously endangered.

Virol protects your child's health—by feeding the nerves, by building bone and tissue, by enriching the blood. Virol strengthens the whole system against the attacks of infectious illness.

That is why Virol is almost as important for the active, healthy child as it is for the sickly or delicate.

Doctors recommend Virol—the proved food that has been making delicate children strong, strong children stronger, for more than 35 years.

Give your child Virol every day.

Inhalator Crew Saves Boy's Life
VANCOUVER, Nov. 1.—Overcome by carbon monoxide fumes while sitting in the engine-room of a small boat which was towing a boom of logs up the North Arm of the Fraser River, C. Day, aged fifteen, had a narrow escape from asphyxiation today.

The youth was seen to topple from his seat by H. Burt, owner of the vessel, who was standing nearby. He pulled into Craik's wharf, foot of Hudson Avenue, Marpole, and summoned the inhalator crew of No. 22 fire hall, which revived the lad in twenty minutes.

United States Completes Seaway

WITH the completion of the Illinois waterway project, the Great Lakes and Mississippi River have been united to provide a navigable all-water route from the lakes to the Gulf of Mexico. Cities along the route will have access to rich industrial markets at a low-cost all-water freight rate. The completion of this last link, which begins above Joliet and extends to Utica, Ill., where it connects with the Illinois River, will make the waterway ready when the season's official navigation begins next Spring. The entire project, which has cost approximately \$27,500,000, has been in the course of construction since 1910, when Congress adopted a resolution favoring its completion. Photo shows a general view of the Brandon Road Pool Canal and walls through Joliet, Ill.

GETS DAMAGES FOR INJURIES

Mrs. Emma Linnell Successful in Her Action Against Chinese Driver

Judge Peter S. Lampman believes that a person would give considerable thought to the amount of damages he would claim for being knocked about in an automobile accident if he had anything to say about it before the accident happened.

And on that reasoning he gave Mrs. Emma Linnell personal damages amounting to \$450 for a broken rib and shock, and also allowed her claim for medical fees and medicines, and \$65 for the auto she owned. Mah Sing, Chinese merchant, was ordered to pay the damages following a County Court trial here yesterday. Total damages amount to \$830.

The accident in which Mrs. Linnell was injured occurred on North Quadra Street on August 7, when the defendant attempted to pass the Linnell auto, and a collision resulted. Mah Sing, owner of the car in which Mah Sing was riding, was dismissed from liability. C. Harold Tait was counsel for Mrs. Linnell and her husband, and Joseph B. Clearhue was counsel for Mah Sing and Mah Fong.

JUNIOR CHAMBER GIVES SYMPATHY

Executive of Body Will Convey Condolences to C. P. Hill in His Bereavement

The executive of the Junior Chamber of Commerce at a meeting held yesterday afternoon passed a resolution of condolence with C. P. Hill in the bereavement suffered by him in the death of Mrs. Hill.

The subject of naming a delegate from the body to the funeral of the Canadian Chamber of Commerce was discussed at some length. It was decided to obtain more information relative to the matter before taking definite action.

The question of organizing an airplane group in connection with the body was also laid over for further discussion and the gathering of more information.

ASSUME CONTROL OF SINGLE MEN

Provincial Relief Board Gets Into Harness With Duties Outlined—Will Transfer Jobs

Known officially as the Administrative Board for the Relief of Homeless Single Men in Urban Centres, the new provincial relief board got down to business yesterday, with the settlement of last details in connection with the Federal plan to remove single men to camps for their shelter and keep over the winter.

Apparently satisfied with assurances from Ottawa that Federal funds will be forthcoming as required, the board set plans in motion for an early transfer of men to camps. New registration cards are being prepared and will be issued to men in this category, existing registrations being utilized as a basis, with facility for new registrations through provincial labor offices.

OFFICE AT VANCOUVER

The board will make its headquarters in offices at the Stock Exchange Building, Vancouver, and its three members are serving in a voluntary capacity. Actual numbers of men to be placed in camp, and the number of provincial camps to be operated are not yet known.

Premier Tolmie announced the board assumed full control yesterday of the problem of single homeless men in urban centres, and will be given every possible assistance by provincial departments concerned.

Other relief categories, it was stated, such as married men and single men with dependents, will be treated as in the past, unless Federal alteration is made in this connection.

The Dominion Government will bear the cost of providing for single homeless men from urban centres, up to forty cents a day per man. Administration costs, including transportation, will be borne by the Provincial Government.

Scheduled air transport services operating in the United States flew 22,201,395 miles during the first six months of 1932.

CARIBOO HAS BIG PROBLEM

Bishop W. R. Adams Here for Lecture Course at Memorial Hall

"The biggest problem in the Cariboo diocese is giving regular ministrations and services in the isolated districts," said Rt. Rev. W. R. Adams, Bishop of Cariboo, in speaking to a Colonist representative. Bishop Adams, who came from England seven years ago to be inducted first bishop of the then newly-created diocese of Cariboo, is here this week, the guest of Archbishop Laidlaw, to give a series of six lectures on "The Early Beginnings of the Christian Church" for the non-denominational leadership training school which opened in the Memorial Hall last evening.

While the Cariboo diocese covers an enormous territory, the congregations of which there are 130, are widely scattered, and the task of reaching them is not lessened by the fact that there are only fifteen clergy for the work. This occasioned the above-quoted comment by Bishop Adams about the problem of giving regular services and ministrations. The entire Anglican population of his diocese numbers between three and four thousand.

Cariboo is still a missionary diocese, the funds deriving from the Anglican Church in Canada and England. But it is keenly alive to its own and other church needs, and has shown a great interest in schools, such as the training school now being held here. Bishop Adams was down here last Summer to lecture to a similar, but smaller, training school run by the Church of England, and has taken part by giving lecture courses in some of the up-country Summer schools.

Intensive Scrutiny Of Railway Bill Is Indicated by Study

Close Examination Being Made of Proposals of Heads of Two Systems for Reduction in Operating Costs of Various Services

OTTAWA, Nov. 1 (CP).—The intense study that is being given the complete report of the royal commission on transportation indicates that the bill implementing its recommendations will receive a very comprehensive scrutiny when it comes more intimately before Members of Parliament. The report is in five typewritten volumes, averaging over 1,000 pages in each volume, and has been placed in the parliamentary library.

Particular study is being made of the recommendations and proposals of Sir Henry Thornton, former president of the Canadian National, and E. W. Beatty, president of the Canadian Pacific. Sir Henry, in the course of his several appearances before the Royal Commission, said there were two causes of waste in railway operation. One was unnecessary or redundant services, and the other capital expenditures for the purpose of one company or the other gaining advantage.

SUGGESTED BOARD OF TEN
Reduction of the Canadian National board of directors to ten was suggested by Sir Henry, two of whom should be the president of the company and the legal vice-president, two Conservatives, two Liberals, two Progressives, one representative of labor, and one representative of the Minister of Railways and Canals. The two officers of the company would become ex-officio members of the board; the responsibility of selecting the other members should be reposed in the Government.

He suggested affairs of the company should be left entirely in the hands of this board, except in so far as capital expenditures were concerned.

SUPER-COMMISSION
In regard to a super-commission, Sir Henry said: "It is suggested that this royal commission be continued for a period at least in the selection of three of its Canadian members, and that the royal commission so constituted receive, examine and determine the annual capital budget of the Canadian National Railways."

This commission would also be authorized to approve and issue a certificate of convenience or public necessity with respect to any capital expenditure on the part of any railway in Canada subject to Federal control which involved public issue of securities. It would have power to supervise and enforce co-operation between the two railway companies.

SAVING IN UNIFICATION
Mr. Beatty informed the commission that "a representative committee of officers has completed a study of the economies possible by unification of the Canadian National and Canadian Pacific systems under private management, to which I referred when I was before the commission."

"Maximum economies are only possible through complete unification," said Mr. Beatty. He was confident that unification would permit an abandonment of lines in excess of 5,000 miles.

"Amongst the lines to be abandoned would be the lines to be abandoned."

QUAD CLUB ELECTS OFFICERS FOR YEAR
Christopher McCrae was elected vice-president of the Quad Club at the annual meeting held last evening in the Y.M.C.A. Jack Watson was unanimously re-elected president at the last regular meeting. D. Bird was chosen as secretary-treasurer, and chairman elected to guide the destinies of various committees were: Programme, G. Fields; social, Frederick Noel; magazine, Morris Davies; membership, A. Gray; sing-song, Gustav Karas; and spiritual guidance, Ralph Dent.

Special Jury to Hear Libel Suit
An action for damages for alleged defamation of character was started in Supreme Court here yesterday when H. A. Davey, counsel for Bertha McAllister, defendant, secured an order from Mr. Justice D. A. McDonald for a special jury trial. Elizabeth Nicholson is the plaintiff and the date for hearing has been set down for Monday, November 14.

The action is one arising out of a previous Supreme Court case which involved ownership in a pleasure launch and, it is alleged by the plaintiff, that certain documents had been circulated at that time. These documents, in the form of letters, are the grounds for the case now coming to trial. Frank Higgins, K.C., is counsel for Miss Nicholson.

STUDY PERIODS GET UNDER WAY
The public speaking class of the local Y.M.C.A. commenced its winter study periods last evening under the guidance of Frank Paulding, general secretary of the association. The number of pupils in this group is limited and Mr. Paulding states that he has only one or two vacancies left. Those taking the course are in the main, prominent local business men.

TOO MANY BROWNS FOR HIM
SCOTTSBURGH, Ind., Nov. 1.—John Brown reported for jury duty. The first case was Brown vs. Brown. Another Brown was awaiting trial. The defendant's wife was Mary Brown, same name as John Brown's wife. Juror Brown asked to be excused.

FUNERAL THIS AFTERNOON
The funeral of Evan Burnett, who passed away at his home, 637 Belton Avenue, last Monday afternoon, will take place this afternoon at 3:30 o'clock from the Sands Mortuary Chapel. Rev. Dr. Clem Davies will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

RIVERSIDE INN BURNS TO GROUND

Two Jump From Bedroom Windows to Safety—Loss Estimated at \$35,000

OPERATOR SENDS CALLS FOR HELP

RIVERSIDE INN

A pile of black embers is all that remains of the once picturesque Riverside Inn at Cowichan Lake as a result of a fire which early yesterday morning burned the hotel to the ground. Loss is estimated at \$35,000. The building and contents were partially covered by insurance.

The only two occupants of the building, Mrs. Norman G. Thomas, wife of the proprietor, and Harry K. Kroup, an employee, were compelled to jump from their bedroom windows, a distance of twelve feet, in their night attire, to escape the scorching flames that had cut off main exit of the building as an avenue of escape. Mr. Thomas was in Victoria when the fire broke out about 3:45 a.m. Upon hearing of the fire, he drove back to his hotel, but only a mass of glowing embers remained to mark the spot where once stood the well-known inn.

SUMMON VOLUNTEERS

Calls to residents with telephones by the Cowichan exchange operator brought out approximately a hundred volunteers, who fought the blaze. A gasoline pump was towed down the lake by Alan Caskley and a steady stream of water was played on the building. The flames, however, had gained too strong a hold on the wooden structure. All that could be done was to save the garage of the Dominion hatchery, which was situated some fifty feet from the fire.

Cause of the fire is not known. It is believed to have started in the east end of the building, near the kitchen. A stiff breeze soon spread the flames to the upper floors.

Riverside Inn was situated on the Cowichan River, near the east end of Cowichan Lake. It was chiefly used by anglers. It was built in 1921 and had twenty-four guest rooms, in addition to the usual lounges and other rooms. Eleven years ago the first Riverside Inn also was burned to the ground.

Many Present at Military Funeral

Funeral services were held yesterday afternoon from St. Paul's Garrison Church, Esquimalt, for Frederick John Holmes, who passed away at St. Joseph's Hospital on Friday. Relatives and many friends were in attendance and soldiers from the barracks attended in body. Mrs. Ripley representing the Pro Patria branch of the ladies' auxiliary was present. Rev. F. C. Chapman officiated and the hymns sung were, "When the Day of Toil Is Done" and "Jerusalem on High." There were many flowers. The casket was draped with the Union Jack and placed on the gun carriage at the church and borne to the Military Cemetery where three volleys were fired.

The pallbearers were Sergeant Ross, Sergeant Fraser, Bombadier Easter, Lee-Bdr. Woods, Lee-Bdr. McAllister and Lee-Bdr. Fraser.

DUAL CONCERT IS REHEARSED

Schubert Club and Philharmonic Orchestra to Be Heard Nov. 29

Two of the city's foremost musical directors will be brought together on the night of November 29, when the Schubert Club and the Philharmonic Orchestra will combine to give one of the most promising musical treats of the season.

Frederic King, conductor of the Schubert Club, is well known in this city and in Vancouver and Seattle as a vocal leader. The choir has won distinction in the various musical festivals held here and on the Mainland.

Al Prescott, director of the Philharmonic Orchestra, is a leader of considerable distinction in Victoria and his appearances with various bands and orchestras in Vancouver have won for him an enviable reputation as a conductor of symphonic works.

Both musical leaders are now engaged in rehearsing for the night of November 29, when Victorians for the first time will hear a noted choir accompanied by an equally notable orchestra. Both organizations have selected repertoires of a varied character so that the full scope of their capabilities may be displayed.

In addition to the Philharmonic Orchestra providing a distinct programme of its own, as also will be the case with the Schubert Club Choir, the latter will sing several selections accompanied by the orchestra, which already has received the approval of the musical public in two appearances here this season.

DIED IN HOSPITAL

There passed away at the Royal Jubilee Hospital on Monday afternoon John Watt, aged eighty-one years. The late Mr. Watt was born in Scotland and had been a resident of Saanich for over forty years. He is mourned by five sons, George, Alexander and William, in Saanich; John and Edward, of Somenos, V.I.; and a daughter, Mrs. Helen Daly, of Seattle; also seven grandchildren. Announcement of the funeral will be made later.

VETERANS MAKE PUBLIC APPEAL

Flanders Poppies to Be Sold as Decoration for Armistice Period

The Remembrance Day committee is calling attention to the fact that the anniversary of peace is the period when veterans feel they have a right to ask the public to remember those who died on service and those who having returned, need practical sympathy to help them carry the burdens which war imposed upon them.

Disabled veterans in the Red Cross Workshop have worked for twelve months making poppies and wreaths to be used as symbols to honor the dead. But the committee points out that these flowers mean more than remembrance; they provide present help. Useful and profitable employment is furnished in time of danger. Profits from the sale of wreaths to help the veterans who are in need of help.

LONDON APPEALS TO LOCAL CITIZEN

T. A. Kirk Tells Kiwanians of His Impressions of Trip Overseas

In the opinion of T. A. Kirk, London is the greatest city in the world. This opinion was expressed by him in speaking before the Kiwanis Club at the weekly luncheon meeting yesterday. His experience in Ireland prompted him to the opinion that the Protestants and the Roman Catholics there, look their religious differences too seriously. The followers of De Valera, in the Irish Free State, Mr. Kirk believes, are beaten but do not know it. They cannot get along without England in the matter of trade.

Referring to the De Valera section, Mr. Kirk said "they do not seem to know what it is all about." It was London that interested the local citizen the most. It was his first visit to the Old Country and London had many things to interest him. Of all places, London was the most democratic place he knew of. The King attended functions without any guard and state places were open to the fullest inspection.

The handling of traffic in the evident maze of it on the streets of London appealed very forcibly to Mr. Kirk.

HOTEL SERVICES

The hotels were not as up to date as hotels on this side of the Atlantic, in his opinion, and there was an absence of restaurants of the order found here. Iced drinks were hard to obtain and he sometimes thought they did not know the meaning of ice in the Old Country. Edinburgh and Glasgow were visited in turn. At Aberdeen he saw the landing of the trawlers with their cargoes of the finest fish he ever tasted. All over Great Britain the fish obtainable was of a high order.

Speaking of the transportation facilities from Great Britain to Ireland and also to the continent, the speaker said that the steamers in these services were in no way equal to the boats which the transportation companies provided for the services out here.

Holland and Germany were visited on the continent. While the speaker enjoyed Cologne, he advised against giving Germany any concessions. In his opinion that country could throw

Suspend Sentence On Youths Caught Taking Gasoline

Robert Carlow and Robert Neill, the two youths who were discovered in a garage owned by the Standard Steam Laundry, on View Street, early Monday morning, were given suspended sentence when they appeared before Magistrate Jay in the city police court yesterday morning for sentence. The youths had been convicted of breaking and entering the garage and with attempting to steal a quantity of gasoline.

F. J. Sinnott appeared for the two and made an earnest plea to the court for leniency. Magistrate Jay remarked that it was intimated that many young men out of work owned and operated autos and that when they were in need of gasoline or tires they usually resorted to theft. He advised that the young men dispose of their autos if they could not afford to use them.

Marked Increase In Shipments to Japanese Ports

SEATTLE, Nov. 1 (AP).—The United Ocean Transport Company today announced it will dispatch eight fully laden vessels from Pacific Northwest ports to Japan during the month of November.

The number is three ships above the average of the company during recent months and includes three full lumber cargoes from Grays Harbor and Willapa Harbor totaling approximately 14,000,000 feet. Rokuro Konno, manager in the United States for the company, said the lumber shipments will be the largest his line has carried in several months and said the bookings indicated a marked increase in west-bound cargo movement.

MASS TO BE CELEBRATED

This morning at 10 o'clock at St. Andrew's Cathedral, Mass for the repose of the soul of the late Ruby Alfreda Freeman will be celebrated by Rev. Father J. A. Gaudette. Interment will be made at Ross Bay Cemetery.

FUNERAL SERVICES HELD

Funeral services were held yesterday afternoon for Mary Jane Cole. The Pythian Sisters conducted the service. The cortege left the chapel and proceeded to Christ Church Cathedral where the Church of England service was conducted by Rev. A. S. M. Acheson-Lyle. One hymn was sung, "Abide With Me."

Many friends attended, including officers and members of the Pythian Sisters, and many beautiful floral offerings covered casket and hearse. The Pythian Sisters formed a guard of honor at the church, and the following served as pallbearers: P. N. Francis, W. Pulton, L. Neilson, Frank Mavis, E. Rowbottom, and P. Shandlay. Interment was made at Ross Bay Cemetery.

BURIED AT ROYAL OAK

The funeral of the late John D. Graham was held on Monday afternoon. Rev. J. Smith Patterson conducted the service, during which the hymn "Rock of Ages" was sung. Interment was made in Royal Oak Burial Park, with the following acting as pallbearers: D. Menmuir, J. Hoffman, A. Strachan, J. Bees, M. E. Dodds and W. Sterling.

Famous Doctors say that Coated Tongue

Is a Danger Signal

DR. VITTORIO PUCCINELLI, the noted Italian hospital head, says: "Poisonous backing up from an unclean intestinal tract cause... coated tongue."

Have you looked at your TONGUE lately?

SIGNAL of trouble... serious trouble inside you. A white, coated tongue!
If your tongue is not clean, your body is not entirely healthy. You probably know that. Yet how many thousands continue day after day to ignore this obvious warning that Nature provides!

Listen to this challenging statement by a great medical authority:—

"Many troubles of the stomach and intestines... are a direct or indirect consequence of constipation. This may be the beginning of really serious illness—lifelong ill health. Poisons... from an unclean intestinal tract cause indigestion, headaches, coated tongue... general loss of vitality."

Those are the words of one of the foremost medical experts and surgeons in Europe: . . . Dr. Vittorio Puccinelli, of Rome. He adds:—

"It is really very easy to correct this trouble"—with fresh yeast. Yeast, he explains, mixes with the accumulations of food residues in the intestines, "softening them . . . and toning up and strengthening the weak intestinal muscles to regular, normal . . . action."

It's your health barometer! And if it's coated, be careful. Don't risk the self-poisoning that a "dirty" tongue reveals

A remarkable health food, fresh yeast has been known and used by doctors for years. Its effect is extraordinary.

Eaten regularly, Fleischmann's Yeast cleanses the entire digestive system . . . fosters secretion of digestive juices . . . purifies. Stagnating waste matter is promptly passed out of the system as fresh yeast gets in its work.

And as a result, your blood clears. Your breath becomes sweeter, your tongue gradually cleans up. Ugly headaches go, you tire less easily . . . you soon feel better in a hundred different ways!

Wouldn't you like to try it? Just eat Fleischmann's Yeast plain, or dissolved in a third of a glass of water—3 cakes a day—before meals, or between meals and at bedtime. You can get it—Fleischmann's Yeast, rich in health-giving vitamins B, G and D—at grocers, restaurants, drug stores and soda fountains.

IMPORTANT—Fleischmann's Yeast for health comes only in the foil-wrapped cake with the yellow label. It's yeast in its fresh, effective form—the kind doctors advise.

Become Canadian Winter
Playground

(Special to The Colonist)
MONTREAL, Nov. 1.—That Canadians more and more are spending their winter holidays in Canada is being daily evidenced by the vast number of inquiries pouring in to the passenger offices of the Canadian railways. The majority of these inquiries from those living in the Eastern provinces concern Canada's evergreen playground on the Pacific Coast. Protected from the winter cold by the great mountain ranges, and with a climate tempered by the warm Japan current, British Columbia is year by year attracting an ever-increasing number of visitors from Eastern Canada, all of whom are anxious to avoid the rigors of winter.

In order to meet the popular demand and to encourage Canadians in their desire to spend their holidays in their own country, both railways this winter are offering return tickets from Eastern Canada to the Pacific Coast at the same rates as were in effect during the past summer for the season limit summer tourist tickets.

C. P. Riddell, chairman of the Canadian Passenger Association, in making the announcement here today, stated that these tickets will be on sale from November 15 to February 28, with the return portion good until April 30.

Flowers bloom
"The Pacific Coast," Mr. Riddell stated, "is in fact Canada's evergreen playground, with the cities of Vancouver and Victoria offering special facilities to effect visits. These cities offer some of the best golf courses in Canada, while fishing, tennis and other normally summer sports are all-year-round pursuits. Flowers are in bloom when other parts of the Dominion are snow-bound, yet visitors for a fair for enjoying variety can have a day with the ski and toboggan by making a short drive from Vancouver to Grouse Mountain."

"This is the first winter that the Canadian railways have introduced such favorable rates, and in view of the popular interest, it is anticipated that a very considerable traffic will develop to the Okanagan, Vancouver, Victoria, Harrison Hot Springs and other Pacific Coast points."

Notable Changes
Lacking in Early
Election ResultsLabor Party Makes Largest Gains in Returns From
Eighty-Five of Three Hundred Municipal
Elections in Britain—Liberals and
Independents Suffer Net Losses

LONDON, Nov. 1 (CP).—Results in eighty-five of more than 300 municipalities in England, Scotland and Wales where elections were held today showed the Labor party was the only group to register a net gain, despite the fact it was decisively beaten in last year's Conservative landslide.

Returns available tonight showed Labor had gained sixty-one seats on municipal councils and lost forty-six for a net gain of fifteen. Conservatives gained twenty-nine but lost thirty-one. Liberals gained fourteen and lost twenty, while Independents gained fifteen and lost sixteen.

CONTROL UNCHANGED
Incomplete results failed to show any notable change in control of councils. Labor lost control of Sheffield in the steel district by dropping two seats but gained a bare majority in Jarrow by adding one place on council to its strength. In Heston, Isleworth, a new London borough, Labor had twelve members, the largest group, but the presence of three members of the Ratepayers' Association in addition to nine Conservatives left the position uncertain. Barnes, another new London borough, returned nineteen Independents and five Laborites.

Labor lost control of another council when Leyton electorate gave Conservatives an additional two seats, enough to provide them with a majority. The Conservatives also gained two seats in Walthamstow, but Labor maintained control. In West Ham Labor lost a seat but already had an overwhelming majority. Here Will Thorne and Jack Jones, Labor members of the House of Commons, retained their seats by

defeating Independent Labor party candidates.
CONSERVATIVE MAJORITIES
Liverpool and Manchester again voted Conservative majorities and in Manchester Labor lost four seats. Labor gained three seats in Birmingham, Ipswich, Southampton and Hull, four in Sunderland and five in Leeds. In no instance, however, was the gain sufficient to give them a majority. In Blackburn and Newcastle they lost three and in Leicester and Bristol two.
In Wales, Cardiff and Newport retained Conservative administration. In Blackburn and Newcastle, a strong Labor centre, the Labor majority was increased by two seats.
MODERATES GAIN STRENGTH
In Glasgow the Moderates, opposed to the Labor party, were assured of a majority of at least twenty. There were 125 candidates here for thirty-five seats. Independent Labor party candidates gained two seats from Labor. So far there had been no defeats of retiring members but voting was featured in a slump in Labor totals as compared with those of the Independent Labor party, while the Scottish Protestant League in addition to gaining a seat in Glasgow polled a heavy vote elsewhere.
Scottish Nationalists and Communists were badly beaten everywhere.

for three days' programme this week, and three next week, viz. Tuesday, Wednesday and Thursday. Eight courses are provided, as follows: "The Early Beginnings of the Christian Church," led by Rev. W. R. Adams, of Kamloops; "Principles of Teaching," led by Rev. E. R. McLean; "Training Children in Christian Homes," led by Deaconess Robinson; "A Study of the Primary Child," led by Mrs. A. Y. Fair; "Junior," led by Miss Anne Fournier; "Course on Teen-Age Girls' Work," led by W. F. Freeman; "Materials and Methods for Sunday School Work with Boys," led by Rev. J. H. A. Warr, and "Young People," led by Rev. Minio Swan.

With more than 285 young people and teachers from thirty congregations of Anglican, Baptist, Presbyterian, United and City Temple churches gathered in the Memorial Hall, the Leadership Training School opened its first sessions successfully last night with what constituted the record attendance at any such event in Western Canada since the institution of the mission.

The proceedings began with a devotional period led by Rev. Bruce Gray, president of the council, and by Rev. M. S. Richardson, pastor of Emmanuel Baptist Church. Rev. E. R. McLean, general secretary of the Provincial Religious Education Council, outlined briefly the aims and purposes of the school and introduced the faculty.

The opening address was by Rev. W. J. Minio Swan, of St. Mark's Anglican Church, Vancouver, who spoke on "The Call to Leadership." This was enthusiastically received by the large audience.

TODAY'S SESSIONS
Classes will resume their sessions this evening at 7:30, when Rev. A. G. E. Munson will preside, and Rev. H. P. B. Lott, of St. Andrew's Presbyterian Church, will conduct devotional exercises. Of particular interest are the courses conducted by Deaconess Robinson on "Religion in the Home," and by Rev. J. H. A. Warr on "Boys' Work."

Registrations took place during the half hour preceding the opening session at 7:30 last evening, and further registrations will be received at the Memorial Hall this evening at 7:30.

LOCAL AUSPICES
The training school is sponsored by the Religious Education Council of Greater Victoria, and provides

for three days' programme this week, and three next week, viz. Tuesday, Wednesday and Thursday. Eight courses are provided, as follows: "The Early Beginnings of the Christian Church," led by Rev. W. Divorced Queen to Visit Rumania Yearly and See Crown Prince Michael
BUCHAREST, Nov. 1 (AP).—Negotiations to settle the troubled relations between King Carol and his divorced wife, Princess Helen, were completed today.

The former Queen gave a formal audience to Premier Iuliu Maniu and Foreign Minister Nicholas Titulescu, and at its conclusion the Government issued a communique in which Helen was referred to as "Her Majesty."

Prince Michael will arrive here tomorrow, it is understood, to visit his mother.

OTTAWA, Nov. 1 (CP).—Norman Atkinson, thirty-one, died in hospital tonight from a bullet wound inflicted under unknown circumstances at Montebello, Que. An inquest has been ordered. The body was found in the engineering offices of the Seigney Club, Lucerne-in-Quebec, with a handkerchief pressed into his face and a wound from a 22-calibre revolver bullet in his forehead. A revolver was found nearby.

A gold medalist and a graduate of the University of Saskatchewan, Atkinson was employed as a biologist at the Lucerne Club. Although a young man, he had already distinguished himself in biology and had only recently returned from attending a national convention of United States biologists at Atlantic City, where he delivered a paper. He was a frequent contributor to scientific journals.

SACRED CONCERT
A sacred concert will be held on Sunday, November 6, at 2:45 o'clock, at St. Paul's Naval and Garrison Church, Esquimalt, under the auspices of St. Paul's Parish Guild. There will be a silver collection in aid of parish needs. Those assisting with the concert are Mrs. Mary McCoy-Jameson, Mrs. Farmer, Miss Isabelle Crawford, Miss W. Parmenter and Mr. Trevett. The orchestra will be Lady Emily Walker, Mr. Jesse Longfield and Mr. A. P. Bassett.

Vocalists Entertain—At the luncheon meeting of the Kiwanis Club yesterday the members were treated to vocal selections by Mrs. Adele Ramsay and Cliff Prescott. The accompanist for both of the soloists was Edward Holloway.

Donations Acknowledged—The following donations were received by F. Landsberg, local treasurer of Save the Children and Near East Relief Funds, for the months of September and October, 1932: E. B. Macklem, \$2; E. B. Macklem, \$2; Mrs. Macklem, \$2; Mrs. Macklem, \$2; total donations, \$10. Further donations will be gratefully acknowledged by Mr. Landsberg at 1008 Broad Street.

Revive Charter Case—J. B. Williams, city solicitor of Vancouver, was in the city yesterday conferring with officials of the Government. Vancouver will seek provincial sanction for a charter amendment giving Vancouver the right to tax Crown lands when otherwise used. Consolidation of three city waterfront leases to simplify administration is also sought by the city settlement of Vancouver relief affairs.

Investigate Records—Investigation into the records of the case in which Alexander Kirkwood, formerly a private detective at Vancouver, was sentenced to imprisonment on conviction of manslaughter following a shooting at the Mainland City, was begun by the Attorney-General's Department yesterday. F. B. Burden, British Columbia agent general at London, transmitted to the department a copy of John Bull, a British publication, in which assertions concerning Kirkwood's treatment at the hands of the Vancouver police were publicly made. Pending review of the facts, no official comment was offered.

Meet Municipalities—While no official date has been set for the hearing, members of the Government indicated yesterday that the opportunity would be granted, possibly this month, to British Columbia municipalities to meet the Cabinet on the question of provincial and municipal taxation. The conference has been promised since the last session of the House, and definite arrangement for the meeting may be set in hand shortly. The municipalities, in any event, are to meet the new provincial relief board shortly in connection with the removal of single homeless men from urban centres.

Association Endorses Platform of
Candidate for Mayor—Making
No Nominations for Election

The Victoria Ratepayers' Association last evening at an open meeting in the Chamber of Commerce endorsed the candidature of E. B. Andros for mayor of the city for next year. This came before the meeting in the form of a recommendation from the executive presided by Frank Higgins, E.C. ward councillor, and was carried by a vote of 10 to 2. The platform of Mr. Andros was in line with the policy of the association.

Mr. Andros said Mr. Higgins had submitted his platform to the executive of the association. The association had not asked Mr. Andros to come out. It had contained itself with endorsement of the platform submitted.

The executive's report further recommended that there should be no nomination or bringing out of any candidates for mayor, aldermen or school trustees but that the policy of the association should be limited to endorsement of the platform submitted by Mr. Andros.

Mr. Higgins in introducing the subject of endorsement explained that the objects of the association were solely to bring about a reduction in taxation. The organization dealt with principles and not with men. It was not advancing the interests of any person or clique.

NOW CLEANEST
BOY IN CLASS

Junior Red Cross Secretary
Tells Story of Cleanliness
Convert

There are tactics in health campaigns as well as in war and diplomacy. An amusing story is told about a small schoolboy, noted the dirtiest lad in the classroom of the little country school, who was voted by his fellows to occupy the position of chairman of the cleanliness committee when Junior Red Cross was organized in his classroom. "From then on there was no more specklessly clean pup, nor anyone stricter about the cleanliness of others," reported Miss Alice White, secretary of the Junior Red Cross, in telling about the incident yesterday.

SPECTACULAR STRIDES
Miss White reports that in the first two months of this school year, the Junior Red Cross has made spectacular strides in membership. "Our total membership last year was 1,361, the branches numbering fifty-three. Already this year we have 217 branches and 4,681 members. By Christmas we should have about 6,000, and by Easter, when the membership reaches its maximum, there may easily be well over 300 branches with over 7,000 members."

Asked for the reason why Junior Red Cross had shown such a remarkable growth, Miss White referred to the visit of Miss Jean Browne, national director of Junior Red Cross last Spring, and to the appointment of Miss Isabel Henderson, R.N., as provincial organizer. Miss Henderson took up the work last July, and has spent most of her time on the Mainland.

Vivid descriptions of the scenes in Quebec last summer during the total eclipse, were given to a large body of science students and interested citizens by W. E. Harper, of the Dominion Astrophysical Observatory, during an address on "Solar Eclipses," before the Victoria College Science Club last night.

Mr. Harper explained there were seven eclipses every year, the majority of which were solar eclipses. In one city, he stated, it is only possible to view a total solar eclipse once in 360 years.

The fear which ancient people had of eclipses was described by the speaker, who made scriptural references illustrating the manner in which they regarded the blotting out of the sun.

EXPLAINS PROMINENCES
In dealing with an eclipse Mr. Harper first referred to the prominences visible on the edge of the sun. For many years, he said, these mystified astronomers until it was discovered they were caused by gas volcanoes miles high. Several gases emerged from these, he stated, with helium predominating. They have a red appearance above the black shadow of the moon, and are related to sun spots. He described briefly the analysis of the sun with a spectroscope.

One of the greatest achievements of the expeditions which witnessed the solar eclipse this year was the proof discovered which definitely established reasons for radio reception being better at night than during the day. It was due to the ionization of the air in the stratosphere during darkness, he stated. The path of the shadow of the eclipse, was 100 miles wide, but clouds in the sky considerably hampered astronomers in their work, he said.

PICTURES OF ECLIPSE
Pictures of the solar eclipse were shown by the speaker, who illustrated his address with an excellent selection of lantern slides. These

clearly showed the corona, or halo, which surrounds the sun during an eclipse. There would be no further expeditions of a similar nature from the local observatory until 1940, Mr. Harper said, in conclusion.

Chemainus
On Friday evening Lady (Richard) Lake, Victoria, addressed members of the Women's Auxiliary to St. Michael's and All Angels' Church. The address was given in the parish hall and there was a good attendance, including members from Crofton and Westholme.

Lady Lake and Mrs. Belson, of Victoria, were overnight guests on Friday of Rev. E. O. and Mrs. Robinson, returning to Victoria on Saturday.

Miss E. Payne left for Victoria on Saturday and will spend a week there. Mr. Nigel Scott, Salmon Arm, spent the week-end in Chemainus. Rev. E. M. Cook was a week-end visitor in Victoria.

Palpitation of the Heart
Nerves Bad—Could Not Sleep
Mrs. Fred Bingham, Swift Current, Sask., writes:—"I was bothered with palpitation of the heart, and my nerves were so bad I could not sleep. I was getting desperate and confided my trouble to a friend who recommended me to use Milburn's Heart and Nerve Pills. I purchased a box and got such relief I would gladly recommend them to all who are troubled as I was."

Treaty Sore Spots

Railroad Counsel States Premier Bennett Was
Shrewd at Conference as Well as in Water-
ways Treaty Negotiations

There is every reason to doubt that so-called benefits of the Great Lakes-St. Lawrence waterway will reach the wheat growers of Western and Northwestern United States, J. J. Cornwell, general counsel of the Baltimore & Ohio Railroad, declared before the National Association of Insurance Agents at a recent meeting in Philadelphia. It is significant, he added, that although the railroads have suffered from unfair competition and heavy taxes, as well as from the depression, they have fully justified their position as an economical and indispensable transport agent.

"Let us consider the proposed St. Lawrence deep waterway project, about which some people are so en-

thusiastic, for the completion of which this Government has just signed a treaty with Canada, which will be either ratified or rejected when Congress convenes again.

"At the recent British Trade Conference at Ottawa, Premier Bennett of Canada valiantly fought for and shrewdly obtained an agreement with England whereby Canadian products may, under the terms thereof, enter the English market free, whereas England is imposing tariff rates upon our commodities that are almost prohibitive. The apple growers of my state, who have always had a good market in England, now find their products barred or terribly handicapped in favor of an inferior Canadian apple.

"The wheat growers of the West and Northwest are in exactly the same situation. Premier Bennett has secured a treaty with the English market for the products of his country, but he is perfectly willing to permit the United States to spend anywhere from \$250,000,000 to \$500,000,000 on the St. Lawrence deep waterway project so as to move the Atlantic Ocean westward some 2,000 miles, close up to the wheat areas of Western Canada, so he can get cheaper transportation for Canadian wheat to the English market from which this country is to be barred.

"Are we going along with the St. Lawrence deal? The United States Senate yet must ratify the treaty before it is effective, and if ratified, both Houses of Congress must vote to appropriate the necessary funds before the actual work can be done. Perhaps the American people will wake up to this game in the mean time.

"The prolonged depression, plus unregulated government-fostered competition, plus taxation at the rate of \$1540 per mile per annum, a considerable part of which is used to build roads and provide water-ways for their competitors, has brought rail carriers to their knees.

"But few of the 150 Class I railroads in this country will earn their fixed charges this year, that is operating expenses, taxes and the interest on their obligations. Many people have said because they are obsolete, no longer needed; that motor trucks, airplanes and waterways can do the job. It is true that the railroads have for the past few years been at a disadvantage in competing with new transportation

agencies. They have contributed many millions of the billions of dollars of Federal funds appropriated to deepen inland waterways and to dig the Panama Canal upon which they are forbidden by law to operate a boat or barge, but upon which anybody else can operate, tax and toll free, in competition with the railroads, without let or hindrance, without regulation or supervision.

"But as the railroads 'done' still carry as they are 75 per cent of the freight tonnage, practically all of the heavy commodities, especially on long hauls? Despite the business slump, the road with which I am connected has moved and continues to move daily many trainloads of coal, of 100 or more cars of seventy tons each. Each train is moved by a crew of five or six men. Were one of these trainloads of coal moved by truck, it would require 1,000 men on trucks with 1,000 drivers to move what six men handle in a single train. Are the railroads 'done'?

ORIENT LINER
HERE INBOUND

President Taft Had Small
Travel List—Good Silk
Shipment

From Orient ports, the American Mail Line S. S. President Taft, Capt. M. M. Jensen, commander, docked at Ribbet Pier at 7 o'clock yesterday morning. The President Taft had a total of eighty-five travelers in all classes aboard, there being seven in the first class, eleven in the special class and sixty-five in the third class. Cargo totaling 4,000 tons of general, including 3,000 bales of raw silk. Officers of the ship reported an excellent voyage for the season of the year.

Included among the liner's passengers were: Alfred Masenett, managing director of the Franco-Asiatique Bank at Harbin, who is en route to Paris; E. A. Persall, manager of the Victor Talking Machine Company in Japan, with headquarters at Yokohama; Charles S. Roselet, secretary of Hongkong Amusement Limited, en route to New York to select new pictures for the Shanghai Municipal government, who is passing on a visit to her home in England.

Other travelers aboard were: Shigenori Togo, Japanese diplomat attached to the Japanese Embassy at Berlin; Mrs. A. T. A. McNicol, Shanghai, bound to Scotland, accompanied by her son, Duncan; Mrs. Priscilla W. Davis, wife of a United States naval aviator, en route to the Philippines; Miss Margaret Lewis, Presbyterian Mission Board worker at Kobe; Miss Florence Todhunter, of the Canton Boat Mission, en route to Oahu; Ansel Oriksky, fur merchant of Harbin, proceeding to New York; Benjamin Rocklin, proprietor of a fur store in Flushing, New York; Mrs. Geraldine and Mrs. Gertrude Lewis, traveling to the United States after a visit to the Orient.

The Norwegian tramp Tilius has arrived at New Westminster for Canadian Transpaco Co. Ltd.

The Reardon Smith Line freighter Jersey City, arrived overnight to A. Lee & Holway, under command of Captain C. Clark, who is better known here as master of Ss. King City.

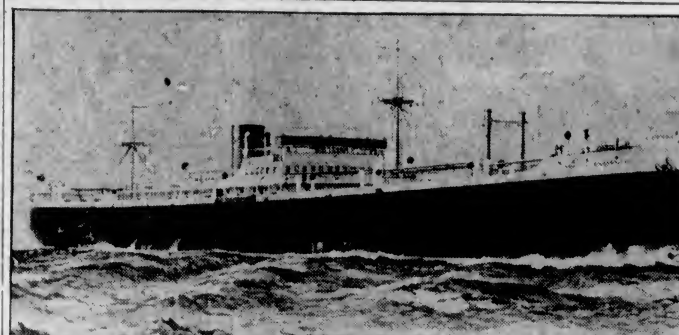

Captain Clark was placed temporarily in command of the Jersey City, replacing Captain J. Varney during a period of recuperation on shore. Captain Varney, on his last voyage, was taken ill at Kobe, and came here on R.M.S. Empress of Russia, the chief officer bringing Ss. Jersey City here. Varney went home on his ship, but was not fully recovered when he was ready to sail, so Captain Clark brought her out.

The British freighter Ss. Nurture, which arrived overnight to Dale & Company, to load wheat for United Kingdom and the Continent, possesses the novel distinction of being, perhaps, the only ship docked which has been in two widely different world ports at one and the same time.

Somewhat over a year ago she hit a reef off England and broke in two. Salvage crews completed the break and one-half of the hull was taken to Rotterdam while the other half proceeded to London. After repairs were effected at these two points, the London half was towed to Rotterdam and the two parts were fastened together.

The ship is now on her first voyage since the operation. Captain W. Hickman, her master, declared she is a better ship now than she was before. Fuel consumption is lower and she is a better sea boat.

LONDON, Nov. 1 (CP)—Heroinism which was responsible for the saving of thirty-seven lives when the steamer Watford was wrecked on the coast of Nova Scotia on September 10 was recalled here today when Second Officer Herbert Mant was presented with the Lloyd's of London medal for life saving at Lloyd's office.

Sir Percy MacKinnon, chairman of Lloyd's, told how, when the Watford was driven ashore by a fierce gale, Mant had volunteered to swim ashore with a line, and after battling with heavy seas and climbing fifty feet of cliff, had managed to establish communication with the ship. His "conspicuous courage and endurance" resulted in the saving of thirty-seven lives, declared Sir Percy.

—Saanchi Arm Testing Ground

Away for several more weeks before she will be decommissioned for the winter months, the hydrographic survey ship Lillooet is now engaged in completing the work among the Gulf Islands which was interrupted at the end of September by the shifting of the end of September to the West Coast of Vancouver Island. The work now in hand will include the business of establishing the line marking Canadian territorial waters from Point Roberts, Boundary Bay and through the Gulf Islands, both Canadian and American.

H. B. Parizeau, in charge of the survey on the Pacific Coast, will also take the Lillooet into Saanich Arm, where the new Acadie type admiralty deep-sea sounding machine is to be tested. This machine, embracing a number of suggestions which the hydrographers on the survey ship Acadie made to the makers, is the very latest of its kind, and will be installed on the new ship, William A. Stewart, which is in all probability will be commissioned for service next year. Saanich Arm, being very deep, should prove a good testing ground.

Before returning to Victoria for the winter, the Lillooet has been ordered by the department at Ottawa to proceed to, and make soundings of, the centres of several of the longer inlets on the mainland coast, an undertaking which will give the new machine additional tests.

Warns British Against Too Humble an Attitude

Rev. E. F. Church Addresses Women's Canadian Club on "Our Imperial Pride," Warning Against Too Much Self-Belittlement

A gentle warning that the British attitude of self-belittlement, while much more commendable than the one of arrogance and boastfulness, was moving rather too far in the direction of sacking and ashes, was made by Rev. E. F. Church, pastor of Metropolitan Church, in his address on "Our Imperial Pride," which he gave before the Women's Canadian Club at its regular fortnightly meeting yesterday afternoon at the Empress Hotel. Graciously introduced by Mrs. W. G. Wilson, president, Mr. Church was warmly applauded at the conclusion of his talk, and Mrs. F. W. Mayhew expressed the thanks of the audience in a cordial little speech.

He noted, the speaker said, the changes in international relations during the past ten years—ever since the miracle of rapid transportation had brought the countries into very close touch with each other a change had come in the attitude of one nation to another.

NORDIC SUPERIORITY

The criticism was sometimes heard from other nations that "our Nordic superiority, the British imperial assumption of superiority over other nations," was having a deleterious effect on international relations, interfering with political progress and the movement toward solidarity. The result was that the British Empire today had a feeling that it should belittle itself, the emotion swing had moved from one of exaltation to one of distinct depression.

"From pride in the size of our battlehips and the size of our army we have come to so sober an estimate of our powers that we are inclined actually to belittle ourselves," said the speaker. The Great War had done much to humble the pride of all, to change the attitude of rather flamboyant patriotism of the "Gay Nineties" into one of humility.

DANGER!

"But there is danger that we may go too far toward sackcloth and ashes; there is danger that we may come to a wrong conception of our place among the nations, for the emotional movement has a tendency now to go from the point of elation to depression. While racial arrogance is not good, a healthy pride in the British Empire is not only good, but there is anything on this earth that has a right to hold in its heart a healthy and wholesome pride in the British people," Mr. Church maintained.

THE GOLDEN RULE

The foundation of the Empire had been laid with the principle of the Golden Rule in mind, and where (as in the revolutionary war, the opium war in China, the Crimean War, the Boer War) mistakes had been made, they had been made under leadership which did not have this rule in mind. Britain's relations with other lands had been conducted on a very high plane.

MAGNANIMOUS SPIRIT

The magnanimity of the British spirit had particularly shown itself in relations toward conquered peoples, in a Commonwealth of Nations wherein the people were at one and the same time governed and free; and wherever they had gone the British had set about the ordering of life with a view to the improvement of social standards. From generation to generation they had passed on their achievements in arts and letters, in science and industry, in social and political reform, the dominant mark being the racial strength of character with its sense of reserved strength and emotional poise.

Miss Marjorie Watson, skilfully accompanied at the piano by Mrs. C. C. Warn, sang with spirit "Carmina" (Lane Wilson), "Mandy and the Spiders" (Tombo) and "Trees" (Rasbach).

Private Duty Nurse Chapter Is Studied

Chapter 5, on "The Private Duty Nurse," in Dr. Weir's hospital report, was taken up by the Graduate Nurses' Association in meeting last night at the Jubilee Hospital nurses' home. The subject was treated in a synoptical form, various private duty members reading a synopsis of the various paragraphs, and this was followed by a round table discussion in charge of Miss Lena Mitchell. Miss Meta Hodge presided.

Weddings

READ-TAYLOR

A wedding of interest to her many friends in Victoria is that of Miss Read, daughter of Mr. H. H. Read, of Shanghai, to Mr. George Thirkell Read, son of Mr. H. H. Read, of Shanghai. The wedding took place on October 8, at the British Consulate, was very quiet owing to the recent death of Mrs. Read and Mr. Taylor. The bride was becomingly attired in a three-piece costume of pale beige crepe de Chine coat and skirt, trimmed with fox fur, and a shell pink blouse. With this she wore a small silk velvet hat, and carried a bouquet of lovely pale pink carnations and fern. Mrs. Taylor was attended by Miss Lella Shengle, and Mr. Ronald Montague-Smith supported the groom. Following the ceremony a wedding breakfast at the bride's home on Bubbling Well Road, was attended by relatives, and the bride and groom left on their honeymoon. On their return to Shanghai, Mr. and Mrs. Read will reside at No. 261 Rue Hick, Linne, Victoria. Mrs. Shengle is well known in Victoria as they attended school here for several years.

LOWE-CLARKSON

The wedding of Alice, daughter of Robert Clarkson and of the late Mrs. Clarkson, Lady Smith, and Mr. Benjamin Palmer Lowe, son of Mr. and Mrs. E. E. Lowe, also of Lady Smith, was quietly solemnized on October 25 in St. Mary's Church, Oak Bay. Rev. Canon Munro officiating. Mrs. H. J. Langdon and her daughter, Mrs. W. H. Hart, were the only witnesses. Mr. and Mrs. Lowe will make their home at Port Alberni.

Kitchen Shower

A delightful kitchen shower was held recently in honor of Miss Marjorie Hawkins, a bride-elect, at the home of Mrs. W. H. Griffin, 2945 Quadra Street. The room was prettily decorated with yellow and white streamers, while the table decorations were of yellow chrysanthemums and yellow candles. The gifts were concealed in a large decorated basket, and after the presentation court whist was played, Mrs. R. Winterburn winning first prize. A buffet supper was later served by the hostess. The guests included Mesdames Hawkins, Clunk, Griffin, I. Evitt, Burgess, Wrigley, McEneaney, Marconi, Winterburn, Page, Randle, W. H. Griffin, J. Rogers, L. Stokes, J. Burgess, M. Hawkins, E. Griffin, E. Hultford, S. Collins, M. Matte and F. Griffin.

Joint Hostesses

Miss Dorothy Wilson and Muriel Evelyn and Olive Barker were joint hostesses at an enjoyable Halloween party held on Monday night at the home of Mr. and Mrs. J. S. Barker, 624 George Road. The room was prettily decorated in a color scheme of black and orange. The evening was spent in games, dancing, fortune telling and a treat. Refreshments were served from a decorated table. The invited guests included Mesdames Eleanor Trotter, Elaine Watson, Peggy MacNeil, Jane Trotter, Mildred Hawke, Marjory Waller, Ina Purves, Beryl Dixon, Dorothy Wilson, Messrs. Arthur Loney, Murray Patrick, Arthur Leason, Arthur Chapman, Gordon Dunaway, Chester Kirk, Alvin Henry, Alexander Briggs, Alexander Gault, Harold Gault, W. Whitner, Kirby Gent and Lawrence Ward.

His Honor the Lieutenant-Governor, Miss Helen Johnson, Mr. A. M. D. Fairbairn and Commander and Mrs. V. G. Brodeur were guests of Commander G. C. Jones at dinner aboard H.M.C.S. Skeena last evening before attending the ship's company's dance at the Shrine Hall.

Hallowe'en Shower

A delightful Hallowe'en party was given on Monday evening by Mrs. R. J. Smith at her home, 923 Cook Street, in honor of Miss Grace Middleton and Mr. Wilfrid Smith, whose marriage was celebrated on November 1. The room was artistically decorated for the occasion with streamers, lanterns and Hallowe'en figures. Games were enjoyed. Mrs. Dearborn gave a recitation. The bride-elect was given a kitchen shower, the many gifts being concealed in a tall basket, the cover having a model head fastened to and decorated as a bride with shower bouquet and long train. The figure was drawn into the room on a large wagon by Master Gordon Smith and Mr. John Linnell. The groom-elect was surprised when he was showered with many handkerchiefs by the gentlemen guests. Later in the evening a buffet supper was served from a decorated table, a centre with a cake, and silver vases with corn flowers and fern. Hallowe'en colors and novelties were also used. Miss Grace Middleton presided at the table. The invited guests were Mesdames A. J. Smith, E. Middleton, Dearborn, Whitworth, Williams, Strickland, Hick, Linnell, Ling, J. Smith, A. Coral League in Annual Meeting

The annual meeting of the Children's Coral League was held at St. Barnabas on Saturday, when the parents and friends of the children were invited guests. A short service was held in the church, and an address was given by the rector, Rev. Norman E. Smith.

One of the pleasing features of the afternoon was the presentation of a beautiful picture entitled "The Holy Child," to Margaret Smith, in appreciation of seven and a half years' loyalty to the league. Among the recipients of prizes were Betty Skinner, who was voted the most enthusiastic worker; Catherine Skinner, for willingness to serve; Phyllis Mills and Joyce Jones for regularity and good work.

Miss Maud Roberts, the president, was given a beautiful bouquet, and the rector drew attention to the quiet and valuable work the league was doing for the Universities' Mission to Central Africa year after year, and he also alluded to the affectionate regard in which the league was held by the members. At the close of the meeting, refreshments were ably served by the children.

The Elbro River is one of the largest rivers of Spain, draining an area of approximately 30,000 square miles.

Clubs and Societies

Cowichan W.A.

St. Andrew's W.A., Cowichan Station, met recently at the home of Mrs. Stewart. The president, Mrs. Musgrave, welcomed two new members. Plans were made to pack the Christmas bales for Rev. Alan Greene, O.C.M., at Mrs. Stuart's home in November. Mrs. Collison reported that the Junior W.A. members were dressing dolls for inclusion in the gift of educational and children's books from Mrs. L. Norie. A gift of books was also received with thanks from the Chancel Guild. It was decided to forward to Albert Bay, several W.A. library books already read by members. A letter was received from the Dominion secretary, and the new study books were circulated. The members agreed to forward a Christmas gift to their prayer partner, Miss Shepherd. A short extract from Lady Lake's Dominion W.A. report was read. The president closed the meeting with a talk on the duty and privilege of members to support loyally the efforts of missionary workers at home and abroad.

Prizes Will Be Given in Competition

A domestic science competition and sale of work will be held under the auspices of the Victoria Women's Institute at their rooms, Burrard Building, corner Douglas and Johnson Streets, on Friday afternoon. The sale will be opened promptly at 1:30 p.m. by Mrs. V. S. MacLachlan, after which Mrs. J. D. Gordon will award prizes for the best cakes, pies, biscuits, shortbread, jellies, jams, fruits, pickles and relishes, explaining the reasons for the awards. Voting on aprons, cushions, pot lifters and flowers will close promptly at 3:30 p.m., and prizes given to those ladies whose articles receive the most votes. Handmade prizes have been donated by members and the various sections are in charge of the following: Ladies, Mesdames Gough, Ramsay, Sadler, Winter, Coleman, Blair, Adams, Drouthart, N. Brown, Hutchings and Arnold. A candy and miscellaneous table is in charge of Mrs. G. Brown and Mrs. J. Wilkinson. Prizes will be received from Mrs. G. 6615, or Miss Pottinger, O 2812, between 8 and 9 o'clock. Play will commence at 8:15 o'clock and players are asked to bring cards and score pads. Plans were discussed at a supper meeting of the club held last evening at the Poppy-EI.

Soroptimists Plan Evening Party

Mrs. Eva Baird will be the convener of a bridge party to be held in aid of Christmas welfare work by the Soroptimist Club of Greater Victoria tomorrow evening in the reception hall of the nurses' home of the Jubilee Hospital. Tables may be reserved by telephoning Mrs. Fred Robertson, E 3921, Mrs. McMartin, G 6615, or Miss Pottinger, O 2812, between 8 and 9 o'clock. Play will commence at 8:15 o'clock and players are asked to bring cards and score pads. Plans were discussed at a supper meeting of the club held last evening at the Poppy-EI.

FEATURED IN ECHOES

The October issue of Echoes, the organ of the Imperial Order of Daughters of the Empire, features an article by Miss M. Eugenie Perry, of this city, about the Royal Empire Society, senior patriotic organization in the British Empire. Miss Perry, who is a well-known writer of articles, stories and children's verse, is Island editor for The Crucible, Canada's new literary quarterly.

MEMBERS OF NORTH SAANICH VETERANS WILL SELL POPPIES

In connection with the sale of poppies, North Saanich Branch of the Canadian Legion has arranged that the following members take charge in the districts as stated: North Saanich and Sidney, Rev. T. M. Hughes; Brentwood Bay and Brentwood College, H. A. Blakey; Keating, J. J. Young; James Island, E. Nix; Mount Newton High School, A. G. Smith; Saanichton, Nat Gray. As in former years, the school teachers have agreed to help in making the distribution through the schools.

After paying the cost of the poppies, the balance is placed in a special relief account to assist needy veterans in the district.

The following tag is November 5, though the poppies will be on sale on other days. Poppies purchased should be worn on Remembrance Day, November 11.

Women's Institutes of Vancouver Island

ESQUIMALT

WEST SAANICH

The regular fortnightly card party given by the West Saanich Women's Institute will be held this evening, at 8:30 o'clock, in the hall.

Hallowe'en Book Contest Held by Club

Members of the Victoria Business and Professional Women's Club enjoyed an informal Hallowe'en party on Monday evening, at the clubrooms, the affair taking the form of a "book party," the members all being dressed to represent books.

Much fun was caused in guessing the titles. Miss Eileen Smyly, as "Lawrence in Arabia," won the prize for the best costume, and Miss Norren Smyly won the prize for the greatest number of correct guesses. She was dressed to represent "The Daughter of Dr. Fu-Man-Chu." Another interesting contest was the "Wedding of the Flowers" for which Miss Christine Patterson won the prize, dressed to represent "Maid in Waiting." The clubroom was beautifully decorated with Hallowe'en motifs, and thirty-seven members were present. Miss Willis won the big game shooting contest. The party was arranged and held by the club, and the Hallowe'en was a success. Many games were played and a good programme was given.

WOMEN OF MOOSE

NANAIMO, Nov. 1.—In the Odd Fellows' Hall last evening, the Women of the Moose celebrated Hallowe'en with a party. Many of the members appeared in masquerade costumes, and the hall for the occasion was decorated with witches, pumpkins, black cats, etc. Many games were played and a good programme was given.

Some girls would mind having a wedding ring on their finger, — it's the thought of having a man on their hands.

ENJOY GAMES AT ANNUAL SOCIAL

First United Young People Hold Successful Halloween Party—Visitors Attend

Several games were enjoyed by more than 150 members and friends of First United Church Young People's Society on Monday evening at their annual Halloween social. An energetic committee, headed by Gordon Robson, assisted by Helen Marsh, Charlotte Crawford, George Gordon and Alex. Main was in charge.

An original skit presented by the Eagles proved most amusing. Those taking part were William Irvine, Douglas Balfour, Len Baker, Jack Willey and Ken Simpson.

George Gordon, president of the Y.P. Union, announced that a conference will be held on Saturday afternoon and evening, November 5, at Fairfield United Church.

TO FORM SOCIETY

W. C. Fyfe, conductor of the church choir, explained plans for the formation of a choral society, which were enthusiastically received.

Oscar Lundell, of Vancouver, was the speaker at the annual young people's service held Sunday evening, giving a very inspiring address on the subject of "Enlistment for Christian Service." Others taking part were Alex. Main, president of the society, and Robert Wallace, who explained the aims of the society and the programme, which included Bible study, literary and music. Christian fellowship, citizenship and recreation. Following the service, a reception was held in the Sunday school hall, and a social hour was enjoyed by those present.

City Temple To Hold Two-Day Bazaar

The City Temple Auxiliary will hold a two-day bazaar commencing this afternoon in their hall, North Park Street. The affair will be opened at 3 o'clock by Mrs. M. A. Davies, Sn., and will continue throughout the evening.

The hall has been beautifully decorated for the affair and needlework, home cooking, candy and novelty stalls, etc., have been prepared. Tea will be served, the feature being free tea and reading. A good programme has been arranged for the entertainment for both days.

London Talks of Betrothal Rumor

LONDON, Nov. 1 (AP).—A rumor went the rounds today in London and Stockholm that the engagement of H.R.H. Prince George and Princess Ingrid of Sweden will be announced here November 11 at a meeting of the British and Swedish royal families.

The occasion would be a dinner in London celebrating the fifteenth birthday of the prince's father, Crown Prince Gustaf Adolf. Photographs showing Prince George, who will be thirty years old December 20, and Princess Ingrid, who is twenty-two, together, were the order of the day during her recent visit with relatives in London and when Prince George went to his elder brother to Sweden last month. The Princess Ingrid is back in London today visiting her grandfather, the Duke of Connaught.

CLUB EXECUTIVE MEETS

NANAIMO, Nov. 1.—At the home of the president, Mrs. W. E. J. Ekins, Newcastle, Townsville, Women's Canadian Club executive held its regular monthly meeting yesterday afternoon.

The meeting endorsed the suggestion of the annual meeting co-operate with the Local Council of Women during the visit of Miss Kydd, president of the National Council of Women, expected in Nanaimo early in December. An invitation will be extended to Mrs. Nellie McDougall, of Victoria, and Professor McDonald, of the University of British Columbia, to address the club in the near future.

Mrs. T. Barnard and Mrs. Tom Spencer were appointed a committee to act with the president in revising the constitution.

Mothers, Mix This At Home for a Bad Cough

Saves \$2. So Easy! No Cooking!

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough. It's no trouble to mix, and costs but a trifle, yet it can be depended upon to give quick and lasting relief.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water for a few moments until dissolved. No cooking needed. Get 2½ ounces of Pinex from any drugstore, put it in a 16 oz. bottle, and fill up with your sugar syrup. The result is a mixture more than a small bottle of ready-made medicine, yet it is the most effective remedy that money can buy. Keeps perfectly and tastes fine.

This simple remedy has a remarkable three-fold action. It soothes and heals the inflamed membranes, loosens the germ-laden phlegm, and clears the air passages. Thus it makes breathing easy, and lets you get restful sleep.

Pinex is a compound of Norway Pine, a concentrated form, famous as a healing agent for throat membranes. It is guaranteed to give prompt relief or money refunded.

Anglican Young People

St. Columba's

The Halloween dance given by St. Columba's A.Y.P.A., in the Strawberry Vale Hall on Friday evening, proved most successful. The hall was decorated in Halloween colors by the girls of the A.Y.P.A., directed by Miss L. Roach. Refreshments were served by Miss D. Burgess and Miss M. Murphy. The next meeting of the A.Y.P.A. will take place on Monday and will be in the form of a musical evening.

Needy Aided By Friendly Help Society

The president, Mrs. Cullum, presided at the meeting of the Friendly Help Association, held yesterday morning. Alderman Williams, Alderman Feden and Alderman Adam represented the City Council.

The association welcomed Mrs. D. Leeming, Mrs. C. J. Were, Mrs. D. L. MacLaurin, Mrs. E. G. Snowden, Mrs. W. Patterson, Mrs. B. E. Yood, Mrs. Denton Holmes as new members of the board.

A vote of thanks was passed to the members of the club and the Capital City Commercial Club for generous donations of shoes; the Sooke Harbor Fishing & Packing Company for one ton of fresh herring; to the city for potatoes; Mrs. Fisher for fresh milk; and to the New Method Laundry for their valued service.

Plans for the Christmas work were discussed at length, and Mrs. Radbourne was appointed convener.

Mrs. Galloway was appointed to assist the service club for their support in providing Christmas hampers for needy families. Miss M. R. Lawson was appointed convener of the day.

One hundred and eighteen cases received assistance during October representing 308 persons. There were nineteen new applicants; 128 families received clothing, 122 families had provisions, and twenty-seven families had sundry articles such as furniture, dishes, etc., from the members.

With their motor caravan they traveled over miles of sometimes almost impassable roads, and 586 miles of the route was covered on foot, the nature of the country being such that motoring was out of the question. Instances of the hardship which is being endured by the settlers who had suffered crop failures and disappointments further south and who were lured to the North country by hopes of a better future, were related by Miss Hassell, whose slides depicted even more graphically than mere words how the settlers were struggling to eke out an existence.

Loneliness had set its mark upon many of the faces, and the help given by the visitors was tremendously appreciated, the speaker pointed out. Schools were few and exceedingly far between, churches in many districts were nonexistent and the plight of children growing up without any religious instruction or guidance was deplored by those who related the story.

The Sunday school pamphlets and songs were eagerly looked forward to by both parents and children in many of the English-speaking families, and the assistance of Victorian and English-speaking families, and the help given by the visitors was tremendously appreciated, the speaker pointed out.

Ven. Archdeacon Laycock, in moving a vote of thanks to the speaker, asked for generous support by subscriptions, and Bishop Lloyd, of Saskatchewan, a visitor in the city, added a word of appreciation of the work being done by "these splendid mission pioneers who are doing so much for humanity in the North."

Material Shower To Aid Workroom

Mrs. J. W. Fordham Johnson has accepted the invitation of the Women's Workroom committee to attend the "material shower" this afternoon at the home of Mrs. R. H. B. Ker, Shasta Place, off St. Charles Street. Tea will be served at 4 o'clock, and it is hoped that there will be a generous response to the committee's appeal for sewing materials.

Saltspring Island

Miss Shirley Wilson left on Thursday for Victoria, where she will be the guest for a few days of Lady McBride.

Mr. Tom Abbott, of Vancouver, is visiting the island to attend the marriage of his brother, Mr. Jack Abbott. He is the guest of his father, Mr. F. E. Abbott, of Long Harbour.

Miss D. Moorehouse, of Ganges, has left for Victoria, where she will pay a short visit to her brother, Mr. H. W. N. Moorehouse.

Mrs. H. A. Fullerton returned home to Vancouver on Thursday, after a week's visit to Ganges, where she was the guest of her father, Rev. George Dean.

Mrs. McDermid, of Manitoba, left on Friday after a short visit to her sister, Mrs. Len. Cropper, of Salt Spring Island.

Mr. Leonard Cropper left on Thursday for Pier Island.

Programme Outlined by Committee

At the regular meeting of the Women's Workroom committee held last night at the Y.W.C.A. with the president, Mrs. Alan Morkill, in the chair, Mrs. Hermann Robertson presented the entertainment report.

A material shower will be held this afternoon at the home of Mrs. R. H. B. Ker, an invitation to which Mrs. Fordham Johnson has accepted.

The next entertainment to take place will be a play in the Memorial Hall on November 18 and 19, to be given by the Little Theatre group, "If Four Walls Told," by Edward Percy. Mrs. E. McQuade will manage the sale of tickets.

A bazaar has been arranged for the afternoon and evening of Saturday, December 3, in the Armories. A splendid programme has been arranged by Mrs. Robertson, of amusements, novelties and contests.

The Victoria Hunt Club has again offered to arrange a gymkhana in the horse show building at the Willows. Mr. D. B. Carley offered to assist with this affair, which will be held some time next February, and has offered the use of his fine string of horses. Mrs. Dugald Gillespie will be the convener.

Describes Work Done by Sunday School by Post

A story, fascinating in its simplicity, full of pathos and given with great sincerity, was told last evening, at St. John's Schoolroom, by Miss Eva Hassell who has been working with the Anglican Sunday School by Post in the Peace River District. Miss Hassell and her companion, Miss Bayle, traveled 3,200 miles last summer into the isolated and sparsely-populated districts of Northern Alberta and British Columbia, visiting families, many of whom seldom have any contact with the outside world.

With their motor caravan they traveled over miles of sometimes almost impassable roads, and 586 miles of the route was covered on foot, the nature of the country being such that motoring was out of the question.

Instances of the hardship which is being endured by the settlers who had suffered crop failures and disappointments further south and who were lured to the North country by hopes of a better future, were related by Miss Hassell, whose slides depicted even more graphically than mere words how the settlers were struggling to eke out an existence.

FINANCE - COMMERCE - MARKETS

Security Prices Slide Again at New York Mart

NEW YORK, Nov. 1 (AP).—Financial markets suffered from inertia today, meeting insufficient support to absorb light offerings and closing with general losses.

Stocks were a trifle more active than yesterday, but volume of trading was still back at the early summer levels and with buyers aloof net losses of 1 to 3 points were frequent. Neither shares nor wheat had enough vitality to cut down their early declines appreciably. In this respect both markets differed from Monday's. Bonds were easy.

Rail equities looked particularly soggy. Santa Fe and Union Pacific lost 2 and 3 points, respectively, but there was a similar range of losses for American Telephone, American Can, U.S. Steel preferred, Coca Cola and Eastman Kodak.

The usual extra dividend of 25 cents a share for holders of Standard Oil of New Jersey helped oil shares a little, although Socony Vacuum slipped a point and when its own quarterly payment was cut in half, or 10 cents from 20, estimates of current crude production pointed to a sizeable decrease.

With sales aggregating 522,435 shares, the market bettered its record of the previous session by a substantial percentage.

Dullness again permeated the bond market, with most prices displaying a somewhat soggy appearance. Sales totaled \$6,007,000 par value.

The British labor and unemployment situation was still rather disturbing, and the domestic economic picture was not altogether clear. The railroads were the softest of the listed categories.

The utilities and industrials finished about even.

In the foreign group the Australians provided the principal activity with gains of more than a point. The Argentines also advanced. United States Government obligations were moderately firm.

MARION DAVIES
IN NEW SUCCESS

Stars With Robert Montgomery in
"Blondie of the Follies" at
Dominion Today

"Blondie of the Follies," the latest Metro-Goldwyn-Mayer release at the Dominion Theatre, today, is another example of what this producing firm can do in the way of combining excellent story with superb acting and direction.

Marion Davies and Robert Montgomery prove their competence to head a cast which includes such players as Billie Dove, Jimmy Durante, James Gleason, Zasu Pitts, Sidney Toler and Douglas Dumbrille. Edmund Goulding follows his triumph in "Grand Hotel" by another superlative example of direction. The picture tells the story of the adventures of a pair of working girls who graduate to popularity and luxury in the Broadway show

world. It is the story of their de-
parture from the poverty of their
tenement environment, their
sojourn in luxury, and their return
home. But in the telling of that
story Frances Marion, who com-
posed it, and Anita Loos, who wrote
the dialogue, have imparted strong
drama and moments of high humor.
The picture abounds in fine enter-
tainment.

CAPITOL The Wall Street crash
THEATRE of 1929 and its effect
upon the moneyed
classes of the nation, particularly
those who made their fortunes in
speculation during the past ten
years, is depicted for the first time
on the screen in Ruth Chatterton's
new starring vehicle, "The Crash,"
with George Brent, her fiance, again
playing opposite her, showing last
times today at the Capitol Theatre.
The second feature is "Big City
Blues," starring Joan Blondell and
Eric Linden.

COLUMBIA The only carved wood
THEATRE make-up box in
Hollywood is owned by
Frank Albertson, who recently com-
pleted a role with Ramon Novarro
in "Huddle," closing today at the
Columbia Theatre. This box is made
of oak put together with small
wooden pegs. The carving is the
handwork of the owner, who spends
his leisure moments between scenes
inscribing the names of friends and
pictures in which he has appeared
on the lid.

EMPIRE Anna Neagle, now at
THEATRE the Empire Theatre in
"Magic Night," is Eng-
land's reigning cinema queen, is the
latest exemplification of the Cin-
derella motif in private film life.
Only a few years ago, Miss Neagle
was a chorus girl in "Wake Up and
Dream," in which Jack Buchanan
was the star, and now she is co-
starring with him.

PLAYHOUSE Emma Dunn, an
THEATRE actress of many ac-
cents, admits that
she has played roles during her long
stage and screen career that re-
quired Irish, Spanish, Italian, Ger-
man, Swedish, Jewish, Cockney and
many other nationalities.

British and French Premiers Confer

It seems that everywhere Prime Minister Ramsay MacDonald goes he is accompanied by his daughter, Isabel. The occasion depicted above was no exception, when the leader of the National Government of Great Britain was snapped at Victoria station with his daughter, Edouard Herriot, Premier of France, and Sir John Simon, colleague of MacDonald. Simon is at the extreme right. The party was on its way to No. 10 Downing Street to discuss the four-power disarmament conference.

SIR HARRY LAUDER
HAS TRAVELED FAR

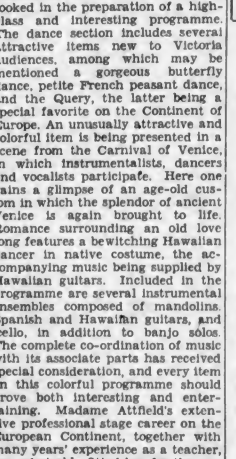

Sir Harry Lauder, the famous and
perennially popular singing com-
edian, who will be presented at the
Royal Victoria Theatre for one night
only, Wednesday, November 9, by
William Morris, the widely known
impresario, has it declared, cov-
ered more miles in carrying his
message of good cheer to the peo-
ples of the earth than has ever been
recorded by any other entertainer.
Notes of the mileage covered in these
various journeys make an astonish-
ing showing.

On Lauder's first world tour he
did 6,000 miles; in the second,
68,000, and on the third, 56,000, so
that on the six world tours he prob-
ably covered 400,000 miles. On the
first tour he sailed on sixteen dif-
ferent liners. Atlantic crossings and
sours of Canada and the United
States make another 250,000 miles.
He has covered at least 200,000 miles
travelling round Britain, and the last
trip to South Africa added 50,000
miles to the total. Then there are
odd wanderings that bring the
grand total to little short of a mil-
lion miles.

Is Fatally Injured In
Automobile Accident

SASKATOON, Nov. 1.—Robert
Todd, seventeen-year-old son of Mr.
and Mrs. Roy Todd, was fatally in-
jured in an automobile accident here
last night, and Harold Brown and
Jack Milligan, chums of Todd, suf-
fered injuries. Three girls in the
car, which sped across the street,
crashed into a pole and then into a
house, where one of the occupants
inadvertently put a foot on the
accelerator, escaped injury.

ASSESSMENTS
ARE FINISHED

Mayor David Leeming Com-
mends Department for
Efficiency of System

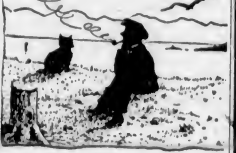

"I believe we have a very fine and
efficient assessment department and
system of obtaining valuations on
property," Mayor David Leeming
declared yesterday after inspecting
the methods by which the city
assessors' department make up the
annual assessment rolls.

"The system is quite standard-
ized," the mayor said. He offered a
suggestion for improvement, how-
ever, which is being taken under
consideration.

Under his recommendation a card
index system would be kept of
every house and lot in the city. On
these cards would be kept a topo-
graphical description of the land,
its size and assessments from year
to year in connection with houses,
a complete description of each
dwelling or building would be given
with its specific content. The vary-
ing assessments also would be re-
corded on the card from year to
year.

The 1933 assessment roll was
finally signed by the Court of Revi-
sion at its final sitting yesterday.
It was revealed that \$50,000 had
been taken off land assessments,
and that improvements had been
cut \$20,000. Sixty-five appeals were
considered and changes made on
148 pieces of property.

Just Roamin' Around

By TWO ROVERS
Until quite recently we two rovin'
creatures, biped and quadruped,
were under the impression that
Esquimaux, town, municipality and
harbor, were all in that well-known
province yelped British Columbia;
and we also thought that we who
live within a few paltry miles of
Esquimaux were in the great and
glorious, wild and woolly West, that
historic western portion of the Do-
minion of Canada, which is one of
the borders of the largest of the
world's "Seven Seas," the vast Pa-
cific Ocean.

But, it seems that either we were
mistaken, or that the editor of a
periodical called The Army and
Navy Veterans of Canada, is "way
off" on the geography of this coun-
try. This illustrated "journal," is
printed in the United States of
America, so we presume that the
editor is to be forgiven if he does
not know where Esquimaux is. But,
then again, "subscribers" are re-
quested not to use the mails. Im-
portant communications or queries
should be made direct to your agent
or by telegraph to Dominion com-
mand headquarters, Army and Navy

nouncement.

"That looks as if it was a half-and-
half Canadian and United States
publication. At any rate the pub-
lishers should purchase an atlas.
They are cheap and inexpensive and
easily obtained, and quite instruc-
tive."

ONLY 3,000 MILES OUT
As the pages of this periodical are
not numbered we cannot give the
page number, but it should be page
four, counting the cover as number
one, and there we read of the "Per-
petual Memorial Church at Esqui-
maux, on the borders of Labrador."
There is a lot more which does not
concern us.

Now, we found that item most in-
teresting, for if Esquimaux is "on the
borders of Labrador," so must we,
who dwell in Victoria, also be in
very close proximity to that land of
dreary wastes and more or less
everlasting snow, and that is not a
pleasant state of things to contem-
plate.

Moreover, the item we refer to is
still more misleading, for it does not
designate which of the borders of
that barren land we are "on." That
is a most disturbing thought. If on
the extreme eastern border, we are
not, strictly speaking, in Canada at
all, but are within the jurisdiction
of Newfoundland.

PREPOSTEROUS PUBLICITY
This colossal earth movement,
that suddenly transfers a lovely
suburban residential section, to-
gether with a magnificent naval
base, several churches, a beer-parlor
or two, and a heterogeneous popu-
lation, a railway, street car line, a
palatial brewery, naval and mili-
tary barracks, homes galore and a
civic centre, from the mild and tem-
perate zone on the west coast of the
North American Continent at one
fell swoop to the far eastern shores
of frigid seas on the Atlantic waste,
is a world upheaval that should
have woken us up in the dead of
night, or disturbed our mid-day
slumber, but it has only awak-
ened us up to the ignorance of some
people of their own continent and
made us wonder why such rubbish
is published—and read.

In the touching words of an old
song, "E dunno where we are!"

"The Romance of
a Silk Stocking"

It's the title of a film now being shown at the Columbia
Theatre—depicts the arrival of ocean liners from the
Orient with raw silk cargoes—special silk trains racing
to Eastern Canada—all the stages of silk throwing, knit-
ting, looping, seaming, dyeing, boarding, examining,
boxing and shipping. It's a romantic travelogue with a
humorous vocal description and fine orchestral accom-
paniment. And it's all about

PRODUCE MARKETS

Following is the market letter issued yesterday by the Provincial Department of Agriculture:

AT EDMONTON

The demand for bulk apples is slackening. Nearly all the boxed apples arriving are going into storage. Prices have weakened a little, due to so many overripe Wealthies and McIntosh being offered. Pears are in slow demand and are supplied from storage. They are in good condition, but owing to size preference there is a big spread in prices. British Columbia tomatoes are cleaning up. Tomatoes are now being imported from California. Onions are steady in price with moderate demand. Potatoes are firm with local offerings sufficient for the demand, and this also applies to vegetables.

AT CALGARY

Snow in Alberta is holding up threshing and slowing down business. It is estimated that about 50 per cent of the Alberta crop is still unthreshed. Jobbers are tired of bulk McIntosh and are turning to Jonathans. Wagners, Grimes and Winter Bananas, the two latter are arriving in excellent condition, free from skin blemishes. The South Alberta potato shippers, who sold futures at \$8 per ton, cannot fill the orders. Some shippers are offering them at \$12 per ton f.o.b., and others will follow. A steady advance in the price of potatoes is anticipated as Winnipeg jobbers are already inquiring for supplies.

AT SASKATOON

Cool weather with snow flurries caused slow business here, which improved towards the week-end. This was partially due to the demand for Halloween apples. Bulk apples are still moving in volume. Ontario contributed one car of bulk and one of barrelled apples. Pear stocks are light. Tomatoes are scarce. Local potatoes are selling at 35c to 40c for 80 lbs.

AT WINNIPEG

The weather is changeable with some snow. Business is fair. Three cars of Ontario apples, two of barrels and one of hampers were received. These are practically the first on the market for this season. British Columbia bulk apples are still arriving, but a percentage is now being stored temporarily. The potato market is steady around \$20 per ton.

Montreal Produce

MONTREAL, Nov. 1.—A slight decline in butter was the lone price movement on the produce and dairy market here today.

Carrots or less of No. 1 was quoted at 20 3/4 cents a pound, down a quarter of a cent from yesterday's price.

Eggs were unchanged, fresh Ontario extras selling at 38 to 39 cents, firsts at 32 to 33 cents and seconds at 19 to 20 cents a dozen. British Columbia extras were 40 to 42 cents, firsts at 36 to 38 cents and pullets at 32 to 34 cents, delivered storage extras, in cartons, were quoted at 22 to 24 cents, firsts at 20 to 22 cents and seconds at 16 to 17 cents.

Cheese held steady, Ontario October being quoted at 9 7/8 to 10 cents, Quebec October at 9 3/8 to 9 1/2 cents, Ontario September at 10 1/2 cents and Quebec September at 10 cents a pound.

Money Markets

LONDON, Nov. 1 (AP).—Money, 3-8 per cent. Discount rates, short bills 5-8 to 11-16; three months bills 11-16 to 3-4 per cent.

AT NEW YORK

NEW YORK, Nov. 1.—Call money steady; 1 per cent all day. Time loans steady; 60 days 1-2 to 3-4; 3 to 4 months 3-4; 5 to 6 months 1 per cent.

Prime Commercial paper, 13-4. Bankers' acceptances unchanged.

Silver Markets

LONDON, Nov. 1.—Bar silver firm, 1-16 higher at 182-16d.

AT NEW YORK

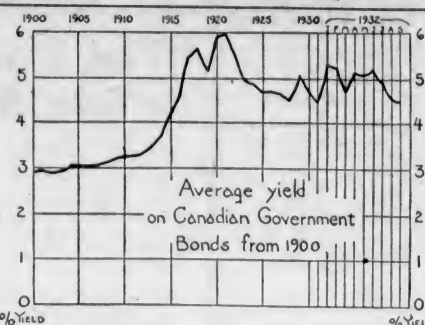

NEW YORK, Nov. 1 (AP).—Bar silver 1-4 higher at 271-8.

SMELTERS HEAD AT COAST

VANCOUVER, Nov. 1.—J. J. Warren, K.C., of Toronto, president of the Consolidated Mining and Smelting Company of Trail, is in Vancouver on one of his periodical business trips to the Coast.

Eau de Javelle is a solution of hypochlorite of potash, which is used to remove stains from linen or muslin and from white marble.

Bond Yields Compared

THIS graph shows the average yield on Dominion Government Bonds in every year in the present century, and month by month in the present year. Although there was a gradual rise just before the war, the yield to the investor was never above 4 per cent from 1900 until 1915. The decline in the last few months is thought to be the beginning of a return to low average rates, and there are predictions that the Dominion eventually will be able to borrow on a basis comparable to the average that prevailed prior to the Great War. The latest issue of Canadian bonds will yield the investor a materially higher return than is at present obtainable on bonds of either the British or United States Governments.

STANLEY PARK SCENE OF WAR

Forces Being Mobilized for Offensive Against New Invader

VANCOUVER, Nov. 1.—There is a stirring, a very mysterious and very secret stirring around the offices of Vancouver Parks Board today. Ammunition pouches are being filled, rusty rifles brought back to working condition with oil and elbow grease. The torch has been passed, the cross has been flamed from the hill tops, the clarion call to arms has sounded—horse, foot and limber. The men of Rawlings' Own are ready for battle.

War was declared this morning when Stanley Park employees found the torn, bleeding remains of three goats which have met sudden and very un-spoilish death. Attention looked, inspected, spat meditatively and then, without usual coroner formalities, pronounced the verdict, "Cougar."

STRICTLY PRIVATE WAR

So war is on. But it is strictly a private war, and the public is not invited. In fact, so reticent is Superintendent W. S. Rawlings, that he confines his official communication to the blunt warning: "Let the public keep away."

Cougar hunting experts of the provincial game branch have been called in, and plans are so thorough that the parks department expects

to have a dead cougar on its hands within a few hours.

Twenty-one years ago a cougar swam the First Narrows from North Shore, and brought death and excitement to Stanley Park. He now rests in a glass case at the pavilion, dustily at peace these many years. They hope to give him a glass-encased mate.

Sooke

Master David Bowen-Colthurst was host to a number of friends in honor of his thirteenth birthday on Friday at the home of Mr. and Mrs. J. P. Noury. An enjoyable time was spent with games and music. A large birthday cake centred the table. The loes were served by Mrs. Noury, who acted as hostess. The guests included Miss Elsie Wilham, Jean Thornber, Doree Francis, Gladys Clarke, Marion Anderson, James Arden, Douglas Brownsey, Jim and Donald Pontious.

Mrs. R. J. Mugford has returned home after spending the past few weeks as the guest of her sister, Mrs. J. S. Horne, of Victoria.

Mr. and Mrs. W. Shelds have moved to Sooke's cottage.

The friends of Mr. and Mrs. F. Underwood will be glad to know that their baby son, who was severely burned some weeks ago, has returned home, almost well again.

GRANTED REMAND

NANAIMO, Nov. 1.—Jonah Bob was granted a remand for one week when he appeared in the city police court this morning charged with being in possession of stolen goods. Frank Cobbett was acquitted on a charge of false pretences.

Ea was a Babylonian deity of Sumerian origin.

WILL CONSIDER STOCKS OFFER

Nanaimo Council Refers Deal for Purchase to Finance Committee

NANAIMO, Nov. 1.—The regular meeting of the local council was held last evening with Mayor Barsby presiding.

An offer to purchase from the city \$6,300, 4 per cent Grand Trunk Railway perpetual debenture stock at \$74, the city to purchase with the proceeds Saskatchewan bonds, payable in New York funds at \$95, was referred to the finance committee for consideration.

W. A. Edwards, a member of the Liverpool city council, wrote stating that as notable birthdays are marked by a display of flags upon civic and other buildings, he thought that Christmas day should likewise be greeted by the display of flags.

Mr. Edwards further went on to say that the proposal was adopted by the Liverpool city council in 1926 and has now been taken up by 123 councils throughout the country, by which in Canada, twenty-two in Australia, nine in New Zealand, seven in South Africa and Nairobi in Kenya Colony. He concluded by hoping Nanaimo would see there was a clear to adopt the suggestion.

On motion of Alderman Drake the communication was referred to the committee of the Retail Merchants and others who look after the city decorations at Christmas.

George A. Barclay of the Canadian Legion wrote reminding the council of the commemoration service to be held at the cenotaph on Remembrance Day and inviting the mayor and aldermen to be present.

On motion of Alderman Drake it was decided the first sitting of the court of revision upon the assessment roll for the year 1933 will be held on Monday, February 6, 1933, at 8:30 p.m.

On motion of Alderman Cavalsky the mayor and city clerk were authorized to sign the necessary transfer forms for the purchase of \$5,200 of Grand Trunk Railway Company 4 per cent perpetual consolidated debenture stock in exchange for \$52,000 Province of Saskatchewan 5 per cent bonds.

Metchosin

Mrs. H. Stewart, who has been the guest of Mrs. Johnson, "Dotlands," for the past few months, has left for Victoria to take up her residence.

Miss C. Stewart, who has been visiting her aunt, Mrs. Johnson, "Dotlands," is returning today to Victoria.

Mrs. McCright and Mrs. I. Jonas were joint hostesses at a most jolly and successful Halloween party at "Brierholme," the home of Mrs. I. Jonas. The guests, all in fancy costume, were received by Kenneth Jonas, disguised as a fearsome skeleton. After supper and a very enjoyable "treasure hunt," there were fireworks in the garden, followed by a bonfire with marsh-mallow and popcorn roasts. The invited guests were: Misses Sheila Pennington, N. House, Greta Hembden, Mary Martin, Beth and Gwen-May Ellwood, Ruth Beckingham, Rosamond and Cecilia Milne, and Masters Godfrey Johnson, Billy

Martin, Dan Gibson and Billy Crawford.

Mrs. H. S. Jordan, "Kenwick," was a charming hostess on Saturday evening at a dinner party, followed by three tables of bridge.

Miss Dorothy Tremayne, of William Head, was hostess Saturday afternoon, entertaining with two tables of bridge and a shower, in honor of Miss C. McMullin, who is to be married early in November.

Sidney

Rest Haven Sanitarium and Hospital has started a course in "Home Nursing," the first class being held on Thursday. Enrollment in these classes was open to all ladies in the district over eighteen years of age. The course will include twenty lessons covering "Home Hygiene" and "Care of the Sick." Competent instructions will be provided. The attendance on the first day was so large that it will be necessary to form two classes, meeting on different days.

Miss A. Gurton has returned to her home on Centre Road, and will make an extended stay.

Members of St. Elizabeth's Church, Sidney, will hold a silver tea at the home of Mrs. Alexander MacDonald, East Saanich Road, on Wednesday.

Szechwan Province, China, the greatest populated area in the world without a mile of railway, has started an extensive programme of automobile roads.

Turkey has established a commission for centralizing all demands and offers in regard to purchases abroad "by the Government and semi-private institutions.
